Winning on a slider and a homer

Curt Aure, of the Campbell Little League all-stars, goes nearly sidearm to strike out Branham's Rich Firato in the Section 3 championship game last Saturday at Quito field in Pollard park. The game went to 12 innings before Campbell won it on a solo homer by Mike Sullivan. The winning locals advanced to the state finals this week in Santa Clara. For more details see pages 14-15.

10 paper family

Campbell Press joins Suburban Newspapers

THE CAMPBELL Publishing Co., inc., has sold The Campbell Press, the weekly newspaper that has served this community since 1895, to the Suburban Newspaper Publications, Inc., (SNPI), which publishes nine other weekly newspapers in Santa Clara county.

Only the weekly newspaper was involved in the sale. The commercial printing division of the Campbell Publishing Co. inc., will continue to operate under the direction of Brent Ulrich, at the same location, 35 Dillon ave., Campbell.

The announcement of the sale of the weekly newspaper was made jointly by George Vierhus, president of the Campbell Publishing Co., inc., and Mort Levine, president of the Suburban Newspaper Publications, inc.

Vierhus will continue as editor of The Campbell Press and Levine will be publisher. The newspaper headquarters will also remain at its present location, 35 Dillon ave., Campbell.

Both Vierhus and Levine emphasized that The Campbell Press under the reorganization will keep its identity as this community's medium and that the basic editorial policy will remain unchanged.

THEY BOTH POINTED OUT, however, that the merger will be beneficial to the community in many ways and will allow for a more extensive and comprehensive news coverage because of the expanded news gathering facilities, especially for countywide events.

Production facilities for the Suburban Newspaper Publications, inc., are located in Cupertino.

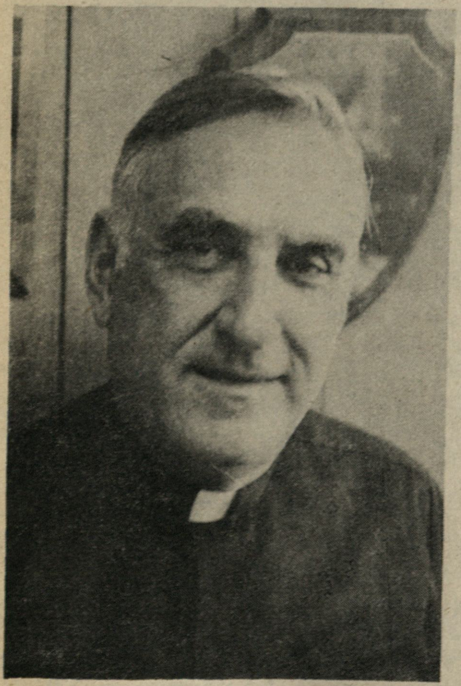
According to Vierhus and Levine, the greatest benefit will be for the local advertiser, who wants a wider coverage than had been offered by The Campbell Press.

The combined circulation of the 10 newspapers of the SNPI total almost 200,000 and the advertiser, in addition, can select certain **specific areas for his coverage.**

In addition to The Campbell Press, the other newspapers that make up the Suburban Newspaper Publications, inc., are Los Altos Town Crier, Sunnyvale Scribe, Cupertino Courier, Milpitas Post, Santa Clara SUN, and four San Jose SUN papers.

In addition to Vierhus, Sally Howe, Pat Safford and Jeff Williams, formerly of The Press staff, have become employees of the SNPI and will continue on the new Press staff.

Remaining with Ulrich in the commercial printing operation are Al Overholt, Shirley Hess and Erlene Cleveland. An expansion of the commercial printing division is contemplated.



ASSOCIATE PASTOR — Father Joseph Dondero, S.J., pastor of St. Joseph's in San Jose for the past 10 years, has been assigned as associate pastor of St. Thomas of Canterbury in Campbell, of which Father Paul Perlite is pastor. The mother and sister of Father Dondero live in Los Gatos.

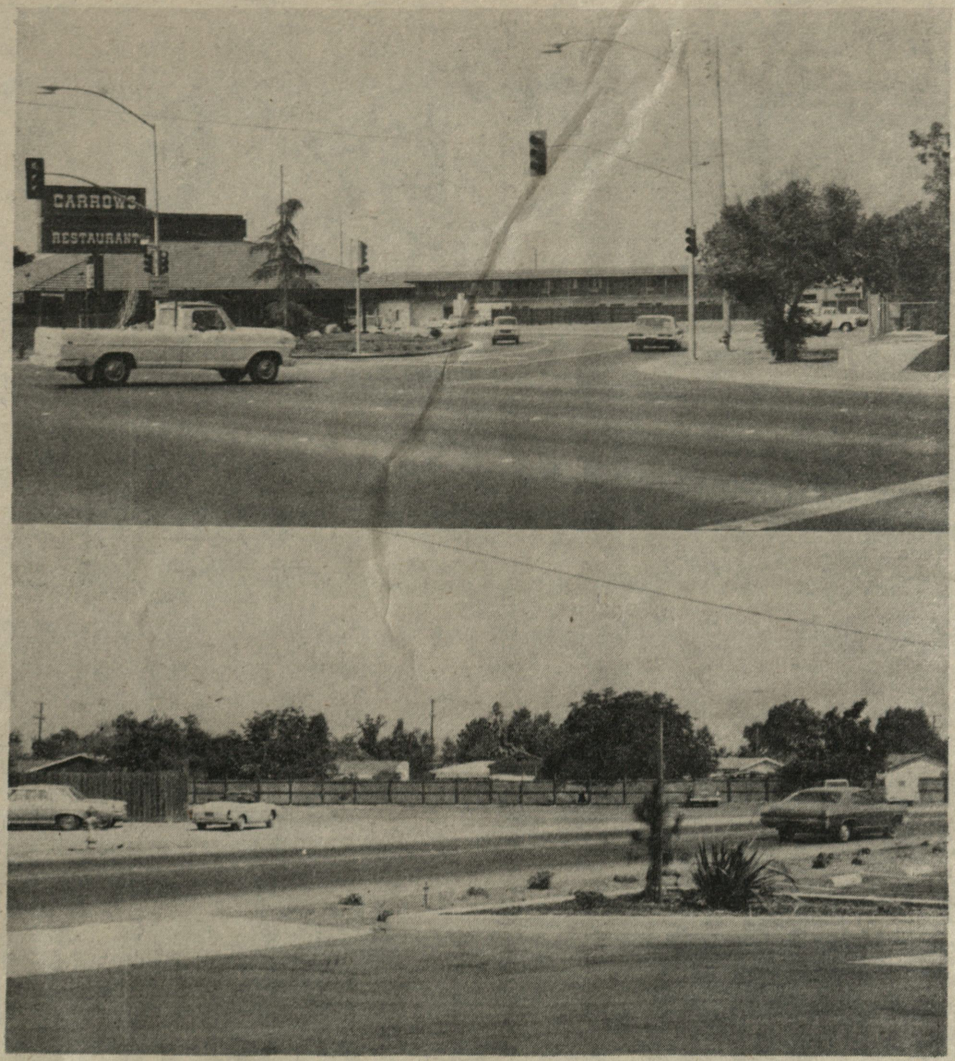
Assessed valuation up

Assessed valuation of property in Campbell increased by more than $9 million over last year, city officials have learned.

This year's assessment has reached $78,248,943 as compared to $69,121,530 last year.

With the receipt of the assessed valuation figures, the city council is expected to schedule final budget sessions at next Monday's meeting.

The final budget will be adopted before the end of the month and the tax rate will be set.



MOTEL SITE? — On Monday night the planning commission continued until Aug. 20 action on the application of Surber-Greenley for approval of plans for a 50-unit motel at 1210 Camden ave. The proposed motel would be the first to be constructed in the City of Campbell. The location is near the busy intersection of Camden and Curtner across the street from Carrows restaurant (above).

A first for Campbell

Women's gym school OKed

A women's gymnastic school, the first for Campbell, received the blessing of the planning commission Monday night.

The commission approved the request for a use permit for William H. Glover to operate such a school at 1320 Dell ave.

Glover explained that he proposed to use the rear 5,000 square feet of an existing industrial building and that the classes will be conducted in the evening. The building is in a C-M zone.

Glover said that since the 1972 Olympics. women's gymnastics has "literally exploded."

"Thousands of girls," he said, "are discovering the joy of participating in one of the few sports which they can call their very own.

Glover said he had coached the sport for the past seven years and plans to have one of the best equipped gymnasiums in the state.

BUILDING PLANS

In other actions on Monday, the commission approved plans for four industrial buildings. Three of them were by Vanderson Construction co. and are to be located on Vandell Way in a CM zone. George Van Sickle submitted the plans.

The other industrial building approved was for Creative Industries to be located at 85, 93, 101 and 107 Gilman ave. in a P-D zone.

Two applications were before the commission for major developments by S.H.A.R.E. in the San Tomas expressway-Hamilton ave. area. One was called "Hamilton West," a 53-unit cluster home development located west of the expressway, east of Darryl drive and north of Hamilton in a R-3-S zone. The commission approved the plans.

But the other proposal, "Hamilton East," for a commercial, residential development at 591 W. Hamilton in a PD zone was continued for two weeks. The plans call for four detached offices and 66 cluster units.

Involved in the project is the long dormant "square loop" system for on and off ramps for San Tomas expressway. A leg of the "square loop" would be an extension of Merrimac drive and would cut through the development.

However, county public works staff personnel have indicated that the "square loop" system, after all these years, might be modified.

At the request of the applicant, action on the development was continued for two weeks to allow for more information on the future of the "square loop" idea.

OTHER ACTIONS

In other actions, the commission:

- APPROVED the request of Ron Naymark on behalf of Nuclear Services to locate seven temporary office trailers at 450 Division st.
- CONTINUED for two weeks action on the application of Surber-Greenly for a 50-unit motel at 1210 Camden ave.
- APPROVED a use permit for Carol Barry to operate a boarding house at 994 Sobrato drive.
- APPROVED a setback variance for Robert Zipse at 100 Cristich Lane and also a variance for Dura Style Homes to allow for fences to be moved closer to the street on some corner lots in Rancho el Prado.
- APPROVED P-D zoning (the applicant had requested R-3-S) for property at 951 Drye Creek and 450 Union being annexed to the city.
- CONTINUED to September action on the Gold Seal Realty request for a variance request to operate an office in a converted residence and also the request of Dr. John Hughes for a zone change from R-1 to C-1-S on property at 44, 45 and 58 Rosemary.
- EXTENDED the time for a use permit of Gretchen Mack for a swim school operation at 170 N. San Tomas Aquino road and also the development schedule of Fred Chez at 1871 and 1961 Pollard Road.
- APPROVED also were the staff recommendations for amendments to the zoning map or land use element of the general plan that were "carry-overs" from previous public hearings.

The amendments met with the approval of about 15 residents of the areas involved who were present.

Recommendations approved included (1) zoning to R-2-S (medium density) the south side of Rincon avenue, from Rincon Park east; (2) zoning to "public facility" property located south of Campbell elementary school and adjacent to Rincon Park and (3) zoning to R-1 property at Campbell avenue and Hardy on which a duplex is now located. (It was felt it was more practical to zone the parcel R-1 than to allow spot zoning.

Other recommendations approved included the area between Third street and Central and from Central to Harrison with Latimer on the north. Between Third and Central, R-1 was approved, and from Central to Harrison, R-M.

The final area approved were the lots at Third and Latimer. R-1 zoning was recommended for all but two lots which were specified for R-M.

Controversial actions ahead

Highlighting the city council meeting next Monday, Aug. 13, will be the proposal of the public works department for a traffic diversion plan geared to ease the heavy traffic flow on East Campbell avenue between Bascom and Leigh. (See separate story.)

Many residents of the area concerned are expected to be on hand for the meeting to express their opinions of the project that has received the blessing of the city council and the supervisors.

Complicating the situation is that much of the area is unincorporated and under county jurisdiction. But East Campbell avenue is entirely within the city limits between Bascom and Leigh.

Another report that may develop into a controversial issue involves the future of the engineering building at Third and Grant.

The city council had approved the demolition of the building after the engineering department had moved out of it after a 10-year "residence."

However, the demolition action and sale of the property was delayed when a request was made by the West Valley Hiking club that the structure be leased to the club (at $1 per year) for an office and storage facility.

According to the deed restrictions when the city acquired the building at no cost from the Kiwanis Club, the building or the funds derived from its sale must be used for recreational purposes. When the Kiwanis club owned the building it was used for a scout hall.

Complicating the issue is the estimated cost for bringing it up to code so that it could be used as a meeting place. A number of civic organizations backed away from trying to obtain the building as a meeting place when faced with a $50,000 cost.

However, some of the organizations have indicated renewed interest since the West Valley Hiking club got into the act.

At next Monday's meeting, the council may also decide whether the question of electing or appointing the city treasurer should go on the ballot. The decision must be made this month in order to make the next scheduled election.

The council also may take action to expend some of the federal revenue-sharing money that is on hand. High on the priority list is the acquisition of property adjacent to the Rincon park.

Based on Tuesday's study session on the downtown loop system, the council may also take some definite action on the long-pending street improvement project. The council may also act on the "square-loop" plan for on and off ramps for San Tomas expressway at Hamilton.

The council is also expected to accept the resignation of Julie Thiebaut from the Youth Advisory commission and make provisions for making a new appointment. Miss Thiebaut is moving out of the area.

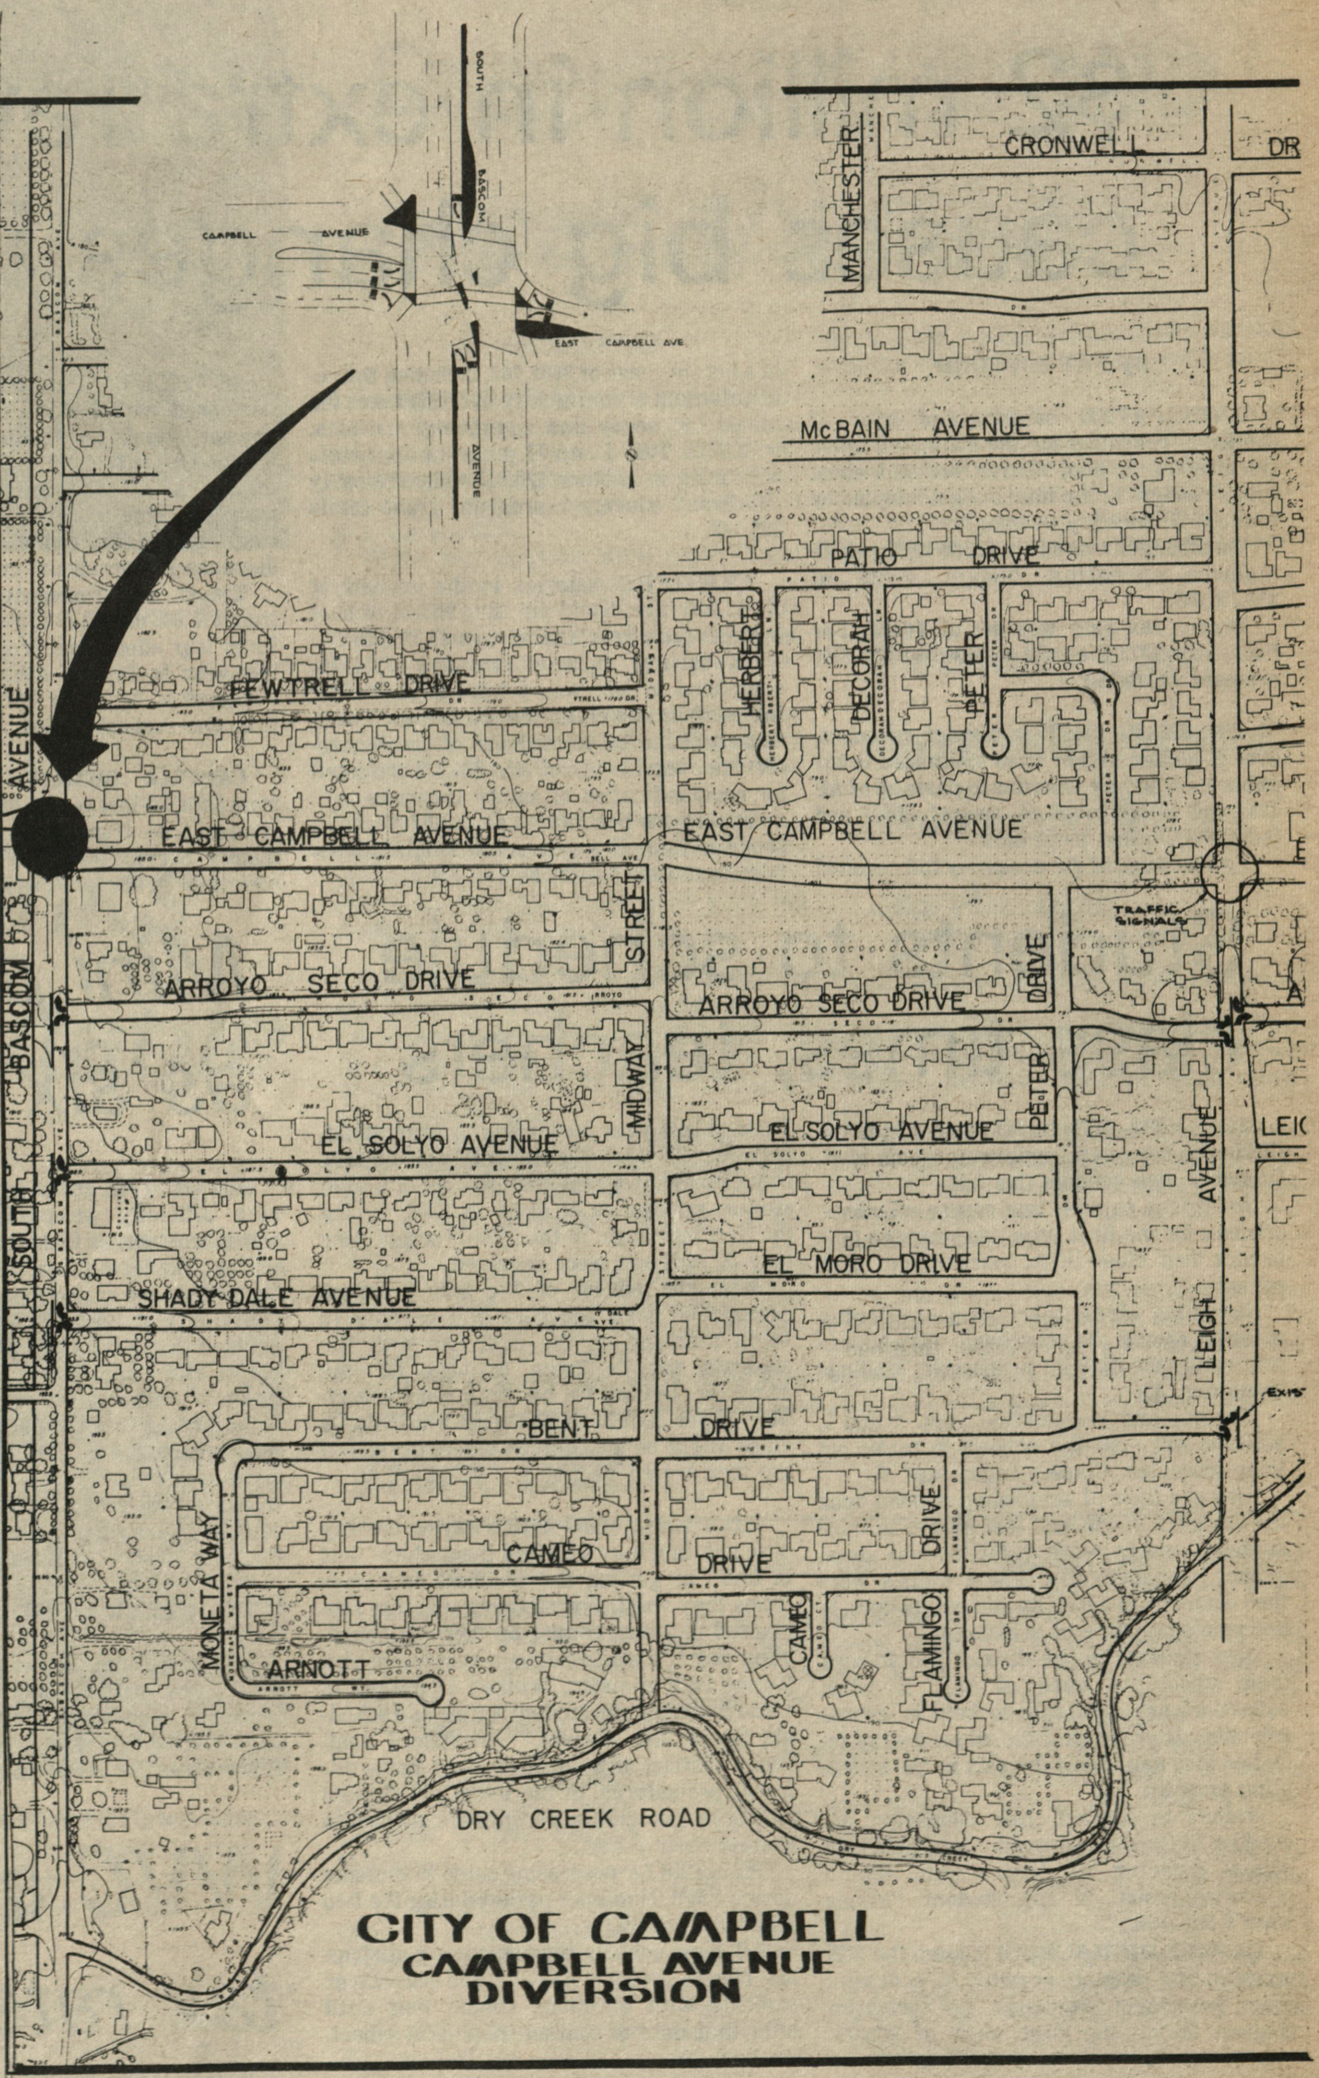
Job seekers have a friend at the fair

Looking for a job? Then the 29th annual Santa Clara county fair, Aug. 17-26, is the place to go. At the Industrial Participation exhibit in the pavilion, the focus will be on jobs.

Each day of the fair, representatives from the human resources development department, will display a new list of jobs immediately available. People interested in these jobs may speak with HRD representatives and may apply at the San Jose office.

The exhibit will also be an information center for jobs in industry.

During the remainder of the fair, employees from various fields will descirbe their jobs telling how they got them and what the job is like. The new HRD list of jobs will be shown, and handouts on job opportunities will be distributed.



CITY OF CAMPBELL
CAMPBELL AVENUE
DIVERSION

Petition filed / Street diversion plan up for council debate

Concerned residents on the east side of Bascom avenue are expected to be on hand next Monday, Aug. 13, at the city council meeting when final plans for the East Campbell avenue traffic diversion plan will be presented by Bill Wren, director of public works.

Holly Vollenweider, local realtor, who opposed the proposed plan at a joint meeting of the council and planning commission last week, indicated that a petition has also been filed by residents objecting to the diversion scheme.

Vollenweider, along with Ira Kirkorian and Harry Alter, maintained the proposed barriers at Arroyo Seco, El Solyo and Shady Dale would adversely affect the businesses on Bascom.

Residents on the streets parallel to Campbell avenue have indicated that they would oppose any plan that would divert traffic from East Campbell avenue onto their streets.

Wren was directed by the city council to develop a "scheme" that would lessen the traffic flow on East Campbell avenue which is estimated at about 5,000 cars daily.

The objective of the proposal that will be before the city council next Monday is to "dissuade commuter traffic from using East Campbell avenue through the use of barriers at key intersections making the routes less direct."

Campbell elementary

$2 million in extra revenue causes big changes in budget

By PAT SAFFORD

ANTICIPATED increases of over $2 million in revenues for the Campbell union (elementary) school district brought about major changes in the final budget adopted by trustees Wednesday evening.

Total budget was set at $17,275,633, which includes operating budget costs of $12,756,636.

District tax rate was set at $4.065. For fiscal year 1973 the rate was $4.390 per $100 assessed valuation.

THE SHARP RISE in district revenues, over $2 million higher than estimated in the publication budget, was due to passage of AB 1267 and to approval of several state and federal education programs.

Late passage of the assembly bill resulted in a net increase of $682,763, including the reinstatement of community override taxes for meals for needy and community services.

ESEA Title I and II program approvals will bring in another $20,813 while the early childhood education program grant totals $55,143.

CERTIFIED salaries in the amount of $7,861,585 are listed in the 1973-74 school budget. Last year's total was $7,379,926.

Classified salaries total $1,415,776, compared to last year's total of $1,303,981. Included in this classification are noon duty assistants, to be funded out of community service override taxes, and $81,330 budgeted for reclassification of salary increases.

Employee benefits total 1,318,576 while books and supplies were set at $318,127, down from last year's total of $331,631.

SERVICES AND contracts total $541,171, compared with $597,930 in 1972-73. In this category funds for utilities and operations dropped from $244,380 to $216,600. According to Dr. A. O. Bachelor, district business manager, this was due to overbudgeting costs last year rather than from any decrease in operational costs.

Travel and conference costs dropped from $18,603 in 1972-73 to $16,050 for this year. Field trip allocations dropped from $24,219 last year to $11,912. Athletic trip expense, budgeted at $4,000 for 1972-73, was dropped from the current budget.

CAPITAL OUTLAY funding dropped from $330,637 last year to $200,111. This is due primarily to transfer of the excess Community Service override taxes to the restricted reserve classification. Total restricted funds are $164,484.

The district's unrestricted reserve of $390,014 brought much comment at the meeting as teacher and employee group spokesmen urged the board to keep salary increases in mind when planning for these funds. They were also urged to consider funding new district programs by another member of the audience.

Trustees declined to make any tentative commitments of these funds. According to Trustee George Baker, using present formulas, unrestricted reserve should total close to $500,000, based on the overall budget, rather than the lower total.

Bond interest and redemption was set at $1,279,104 while the Building Fund totals $2,542,116. The child development fund for 1972-73 is $202,138, including an ending balance of $24,350.

Students to schedule class times, teachers

THE NEW STUDENT self-scheduling (SSS) program gets underway at all eight Campbell high schools this fall.

In addition to selecting course offerings, students for the first time this year are able to pick their class time, teacher and lunch period.

Incoming freshmen and returning students should be receiving instructions sent out by the district next week. Mailings begin Aug. 13.

Tuesday and Wednesday, Sept. 4 and 5, students will visit the schools to make out their schedules. Classes begin Sept. 6.

Day and time of scheduling depend upon the student's grade and last name. In June students' names were gathered into seven groups, alphabetically. Those names were then drawn from a hat, by student leaders, to determine the time of scheduling.

New students to the district should visit their school the week of Aug. 27 when counselors are available to help in course selection. After making the initial course selection they can then take part in the scheduling program.

Failure to contact their counselor, according to Don Armitstead, Campbell high school director of instruction, would otherwise result in the student "taking what's left over."

CAMDEN HIGH SCHOOL piloted the SSS program last year. It resulted in a drastic drop in student requests for program changes during the first week of school. Prior to last year, according to Armitstead, between 400 and 500 students would make requests for program changes, out of a total student population of close to 1,800, during the first few days. In the 1972-73 school year only 30 requests were received.

With the advent of the new program Armitstead feels teachers will be able to begin teaching on the first day with the students they're going to have for the semester. In the past, he continued, conceivably 30 per cent of the students who began a class might be transferred before the end of the first week.

STUDENTS WHO ARE away on the day of scheduling may well find themselves "last in line" in getting the teachers and class times they want. For students who, for substantial reasons, cannot be there on scheduling day, "I would honor a request from a parent (not a sister, brother or friend) to come in during the student's time and schedule his or her classes," Armitstead said. Other district high schools may have different procedures, in the event the student cannot be present, so parents are advised to contact their school.

Plans call for processing some 50 students during each 20 minute period during the two scheduling days.

All high schools throughout the district are closed through Aug. 17 and parents or students with questions should wait until after that date to contact their local school.

★ ★ ★

Don't be late

Being late for class is one thing but a tardy during scheduling time at the eight local high schools, September 4 and 5, could make a big difference in your courses this fall.

The new student self scheduling (SSS) program, gives students the opportunity to select their class times and teachers this year . . . if they're on time.

With 50 students being processed each 20 minutes through the day, no accommodations can be made for late comers . . . so they'll have to wait until everyone else is through before signing up.

Making sure you get that special history teacher or having P.E. during seventh period may be a little hard if you're at the end of the line. Classes are being filled on a first-come, first-served basis.

Mini parks accepted as six school sites

SIX OF THE seven new "mini parks" were officially accepted by elementary school trustees at their meeting last Wednesday. The local school district will now be responsible for maintenance at the sites.

The city of Campbell designed and constructed the parks located at Capri, Dover, Forest Hill, Hazelwood, Rolling Hills and Rosemary schools.

According to a mutual agreement, after construction the city was to turn over the parks to the district.

San Tomas school is the only site not yet complete, according to a report by Dr. A. O. Bachelor, district business manager.

IN OTHER BUSINESS Campbell trustees:

- Learned that the cafeteria fund closed out the year with $18,270.62. In addition the food stuffs and supplies on hand increased some $12,000 this year to a total of $57,169. This contrasts sharply with prior years when ending balances dropped into the minus column.
- Heard a report by Assistant Superintendent Fred Peterson on plans to hire members of the Neighborhood youth corps for work in the local district. Under present plans some 14 youths will be employed for a month in such jobs as clerical assistant, warehouse assistant, library helper and grounds keeper assistant.

There is no cost to the district and insurance coverage as well as salaries are funded by the federal program.

- Received a report on the use of school facilities by outside groups for the 1972-73 school year.
- Declined to take action in response to a notice from the county of Santa Clara regarding emminent domain proceedings against the district for a portion of the Parkway school site. The county plans to provide an off-ramp from the San Tomas Aquino expressway at Stevens Creek boulevard.

WVC adopts budget — tax rate drops 1 cent

West Valley college adopted its final 1973-74 budget in the amount of $20,106,727 Thursday evening, following a public hearing on the budget at which no one appeared.

The final budget is more than $800,000 lower than the publication budget due to the dropping of the proposed assessment district for parking at the Saratoga campus.

If the assessment district had been included it would have raised the tax rate about 8 cents from its current rate of 90 cents per $100 assessed valuation. However, some differences between the Saratoga city council and college trustees over one of the parking lots in the assessment district resulted in the elimination of the assessment district from the budget at this time.

The final budget will mean nearly a one cent drop in the current tax rate, down to 89.2 cents per $100 valuation.

When no one appeared at the public hearing on the budget, which was held for the first time in the governing board's new room at Saratoga, trustee Don Lindstrom declared, "it's a crime that people who have the opportunity to influence the tax rate don't show up. We're a very open board and willing to listen, yet no one shows up."

One of Lindstrom's fellow trustees, board chairman Foster Lopes, said he hoped that "this (no one at the public hearing) is a question of satisfaction and approval of the district rather than apathy."

"STUDENT TRASH HAULING"
$6⁰⁰/LOAD
377-2810
YOU CHUCK IT. I TRUCK IT

LOCAL YOUTH Rich Hames has been in business for himself for over two years.

Trash hauler Hames

Business stinks but it's profitable

By PAT SAFFORD

RICH HAMES has been in business for himself for over two years. During this time he has built up his hauling business from one or two jobs a week, using an old '56 truck, to his present busy daily schedule using his gleaming new pick-up truck purchased in March of this year. Rich is 17 years old.

What prompted the young man to undertake the challenge of setting up his own business? According to Rich it was prunes, or more aptly — picking prunes.

At 12, he began working during the summer picking the fruit, and later walnuts, at local orchards. He had progressed from an average of eight or nine boxes a day, at 35 cents per box, to between 20 and 30 boxes daily by the time he was 15.

"That summer," he recalls, "my mom said, 'How about picking prunes again this summer?' I decided then I would try to set up my own business."

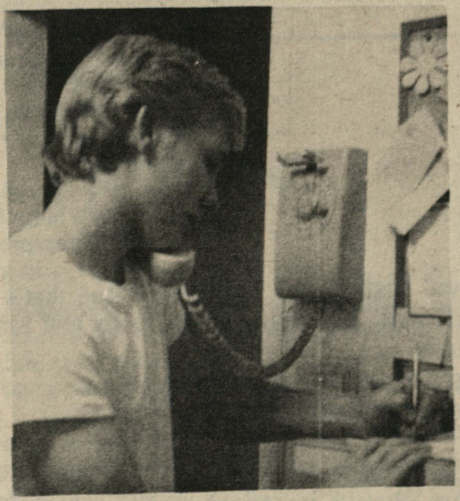
WITH A LEARNER'S permit in hand and an old truck to use, Rich set out to find work. "The first day I went door to door in my neighborhood and told people about my service. I picked up two jobs for the very next day."

Since he had to be accompanied by a licensed driver, Rich's mother went along with him on his first jobs. She sat in the truck and read as he picked up his hauls and took them out to the dumps. "She read an awful lot of books," he laughed.

Each evening he passed out business cards to residents in his area and jobs picked up. Another source of new business was found at the dump. As he unloaded his truck, with his "Student Trash Hauling" sign painted on the side, weary homeowners would ask him about his service. "I picked up a lot of business that way," he explained.

A JUNE GRADUATE of Camden high school, Rich plans to enter the Air Force soon and to receive training and experience to help him land a job as a California Highway Patrol officer, when his tour of duty is completed.

Rich comes by his ambition naturally.



PHONE REQUESTS for help are coming in regularly now for Rich Hames, a seasoned businessman at the age of 17.

Oldest child of Lloyd and Janet Hames, 14797 Cole drive, his father is a carpenter-foreman, and serves as senior representative for district 12 Little League, while his mother is employed as a bookkeeper and also coaches a local Bobby Sox team.

Younger sister Jean, 15, is earning money this summer in domestic work and recently took on a regular lawn mowing job.

Youngest, Cathy 10, isn't "gainfully" employed at her young age but goes along for the ride with her older brother sometimes. She's also busy with Bobby Sox softball.

During the first year when he struggled to get his business going, the reactions of neighbors was friendly and encouraging . .. with one exception. "One lady told me she wouldn't have me help her. She said I was too young."

'Throw 'em out of office'

Reactions to the meat shortage

By PAT SAFFORD

"I DON'T KNOW who is responsible for the meat shortage," said one angry woman at a local supermarket earlier this week, "but I think we ought to throw him out of office. No, I think we ought to throw them ALL out of office."

While most shoppers were angry, most were not quite so outspoken.

The supply of beef to local markets has been cut by at least 50 per cent in most cases, while some stores report they still have plenty on hand.

Empty display racks are evident in many stores while a few have been filling up the empty spaces with dairy products and other perishables.

With the drop in beef supply comes a raise in the price of chicken, now prominently displayed at most counters. Prices are expected to rise again later this week as wholesale prices jump.

MANNY AVILLA of "Manny's Meats" in the San Tomas Village Market has already cut his hours short with his beef supply cut by a third. "Normally I get three sides of beef," he explained last Sunday. "Tomorrow I'll get maybe one."

In addition he expects his wholesale price of chicken to jump to 86 cents a pound later this week. That will raise the price of chicken to the consumer to over $1 a pound, he said.

While the supply of meat on hand at the Kirkwood Plaza Mayfair Market is good, total supply from meat packers has been curtailed by some 50 per cent.

The San Tomas Plaza Alpha Beta store had a good supply on hand last Sunday although they have been "somewhat low."

A GOOD SUPPLY of ground beef was on hand but prices ranged from 99 cents per pound to $1.54 for the "leanest" brand.

At the Safeway store, Winchester at Budd ave., no beef was on the display racks Monday morning although the meat department manager said personnel rather than supply was the main reason. Stores have had lay-offs of personnel since the supply pinch began.

> **'Normally I get three sides of beef. Tomorrow I'll get maybe one'**

Adding to the shortage are local shoppers who began a run on meat counters late last week. At several stores shoppers grabbed the packaged meat as fast as they were placed on the racks.

In the weeks that follow supplies are expected to rise, but in the meantime . . . vegetarian cookbooks are again getting special attention at the local library.

obituaries

ADELINE CARY

Services were held last Saturday for Adeline "Addie" Cary, 47, who died July 31, in the crash of an airlines plane at Boston.

Surviving is her husband, Henry, a member of the Campbell parks and recreation commission; nine children, Margaret, Joseph, Thomas, Diane, Christina, Matthew, Elizabeth, Peter and Anthony, all of Campbell; her father, Joseph August of Campbell and a brother, Stanley August of San Rafael.

Campbell Memorial Chapel handled local arrangements. Burial was in Santa Clara Mission Cemetery.

OUT ON THE LIMB

with George Vierhus

THIS WEEK MARKS the beginning of an era for the Campbell Press.

This newspaper, as the news story in this issue reports, is now a part of the Suburban Newspaper Publications, inc. (SNPI).

SNPI publishes 10 weekly newspapers in Santa Clara county: Los Altos Town Crier, Sunnyvale Scribe, Cupertino Courier, Santa Clara SUN, Milpitas Post, four San Jose SUN newspapers and now the Campbell Press.

As you can probably guess, it took a great deal of soul-searching on our part before the final decision was made to join the SNPI group.

But we think the decision was the proper one to make and we are looking forward to the new association because we feel that a better community medium will result through improved news gathering and production facilities as well as other factors.

As far as we are concerned, the deciding factor for the change-over was that there will be no basic change in this newspaper's editorial policy nor will this community's identity suffer in any degree.

If anything, it is our opinion that the paper in the future could be even stronger in those particular areas.

We will continue as editor with Pat Safford on the news desk with us. Sally Howe will remain in advertising and Jeff Williams in circulation.

And "out-on-the-limb"?

Gee, we are so glad you asked.

It goes right on and on and on.

You were hoping maybe?

★ ★ ★

THOSE STATELY TREES at the railroad crossing at Harrison and Campbell avenues are black walnuts and not oak as was erroneously reported in the Campbell Press a couple of weeks ago.

Of course we knew better.

After all, in 1965, those two oak trees became a part of the Campbell Press masthead or logo. And that was about the same time they were designated as official landmarks (more or less) of the city (Harrison Park came into existence about that time).

When we used the walnut trees in the masthead we recognized their historical significance. They were planted by members of the Campbell family, founders of the town, before the turn of the century.

So we knew the trees were walnut and not oak.

But our Pat Safford didn't.

We hadn't told her and she assumed they were oak and described them that way under the picture depicting their annual trimming.

Naturally, those who have been around for a spell, or were familiar with the background, recognized it was a horrible case of mistaken identity.

As a case in point, take this card we received from our old friend, Frank Blaine, whose family has a connection with the original Campbell family:

"Dear Geo:

"Please excuse the correction. The "oak" trees or your masthead will surely die, if you don't call them black walnuts.

"Even a nut has its pride.

"As if losing a limb or two wasn't hurt enough.

F. Blaine."

★ ★ ★

ON THE FRONT page of last week's issue appeared a silhouette of the giant crane that was used to lift the engine and cars that had been derailed last Friday afternoon on the railroad track just past the Campbell avenue crossing.

On the inside pages were more pictures of the unusual happening (How often have YOU seen a train derailed?).

Although Pat and Sally took some of the pictures, the photos of the crain lifting the locomotive and cars were taken by the writer of this column.

And that silhouette was ours, too, although Shirley Hess was responsible for the technical details that made that particular Polaroid shot quite "arty."

The caption, "Crane for train in pain," was a joint effort.

We are certain that no one person wants to take the responsibility for that.

Obviously it took a gigantic crane to lift those heavy cars and engines.

We thought it very appropriate that the name of the outfit that did the lifting was "BIGGE Crane and Rigging Co.," of San Jose.

It was sort of a "bigge" job.

★ ★ ★

SPEAKING OF "BIG JOBS," at a recent city council study session on the proposed changes in the traffic circulation plan for the city, there were some caustic comments made by a couple of the local businessmen about the apparent lack of coverage of local news items.

Ira Kirkorian, for example, who was objecting to the proposed traffic diversion plan for East Campbell avenue, suggested that the chamber of commerce, or some other body, should put notices in the "big paper" about the hearing in order to get people to turn out.

The implication was, of course, that the Campbell Press did not reach enough people. Of course, there have been news stories about the project in the Merc-News, too.

Maybe Ira meant the S.F. Chronicle. Or the New York Times.

★ ★ ★

HOWEVER, FOR THE record, it probably should be noted that under the new reorganization plan, the Press is now a part of the Suburban Newspaper Publications, inc., so we are talking about a pretty big outfit.

Another speaker at the same meeting was Holly Vollenweider. Holly made quite a point of emphasizing that he had contacted many people in the areas that would be affected by the East Campbell avenue traffic diversion plan who professed ignorance of the subject and claimed that they had not read anything about it.

Holly turned to us and suggested that the Campbell Press needed to do some work in these areas.

Obviously there is a constant need to promote subscriptions for this paper.

But really, Holly, things are not quite as bad as you made them appear.

We checked the Press routes in the specific areas you mentioned.

We have pretty fair coverage there and the carrier boys seem to be doing a good job. (One of the routes is covered by Greg Goodman, son of Mr. and Mrs. Steve Goodman, and Greg is third Goodman son to have had the same route.)

And, incidentally, Holly, we recognize that, even if someone takes the Campbell Press, it does not necessarily mean that he reads it or retains what has appeared in it.

Even the "big" papers can't guarantee that.

★ ★ ★

ONE OF OUR LONG-TIME friends in town is Joe Agostinho, a retired real estate and insurance agent.

Periodically Joe calls us to pass the time of day or to make some astute observation of a current suitation.

Last week it was Watergate.

Chuckling, Joe submitted that the case should be turned over to Perry Mason. Perry, as we all know, has a perfect record.

We agreed.

As a long-time follower of Perry Mason, we know there is never any problem of differentiating between the good and bad guys in a Perry Mason episode.

And that's not so in Watergate.

Or had you noticed?

★ ★ ★

IT WAS SORT OF LOOPITY-LOOP the other night at the city council meeting.

A stranger might have had some trouble figuring what was going on.

Early in the evening, the council was involved in the downtown loop system, i.e., the north and south loops parallel to Campbell avenue.

Later the discussion evolved around the "square loop" system for on and off ramps of the expressway.

It all was pretty loopy.

Editorial

A crucial period

ADMITTEDLY WE ARE BEING repetitious but it is our considered opinion that the month of August, 1973, is an extremely critical period for the City of Campbell.

We have suggested before that, because the City of Campbell is in probably the best financial position in the 21 years of existence, the city council faces an extremely difficult task this year in the allocation of funds and in the undertaking of major projects.

We maintain that, whereas in the past when the city was operating on what is called a "bare bone budget," funds were quite limited and projects were curtailed of necessity. And proponents of these projects recognized that problem.

But it is a different story today.

Not only is the City of Campbell in a top fiscal position with its own reserves but there are also federal revenue-sharing funds of a substantial nature on hand.

Thus the problem that faces the council is mainly the establishing of priorities as to how the money should be spent.

While we agree that, basically, it would seem that the task would appear simpler because there is money on hand instead of digging for dough, we think that the establishing of priorities will be extremely difficult.

Quite obviously there will be differences of opinion among the councilmen.

Take, for example, two instances: 1) the development of a recreational program and 2) the downtown loop system.

Both the recreation program and the loop system rated high in the recommendations of the citizens goals committee.

Yet the councilmen appear to be quite divided as to how the two programs should be carried out. Or which one has the priority over the other.

Interestingly enough, funds for recreation and funds for downtown loop system come from different sources and thus there is no conflict on that score.

Recreation financing could be from general funds, a special tax or revenue-sharing. The loop system would be from gasoline tax general obligation bonds or revenue-sharing money.

Gas tax money could conceivably finance the entire loop system over a period of years without using bond money or revenue-sharing funds. The question is whether there are other major street projects that would suffer because of the loop system committment.

Similar complexities are involved in the establishing of a recreation program.

Most of the decisions on these fiscal matters must be made before the final budget is adopted and the tax rate set this month.

That is why the month of August is a crucial period in this city's history.

Published every Wednesday at Campbell, Santa Clara County, California. Decree Number 84948. Dated June 27, 1952. Entered as Second Class Matter September 30, 1904 at Campbell, California, under Act of Congress March 3, 1879.

FORMER DEL MAR Principal George Miskulin is shown above accepting the new award to be presented to Del Mar students in his name. The award, in recognition of scholarship, athletics and citizenship, is sponsored by the high school PTA. Miskulin served as principal for 13 years before being assigned to head Leigh high school in 1972.

OUR TOWN

by JoAnn Zoller

When business people on the second floor of a Hamilton avenue office building learned that **CLAIRE KOWTOWSKI** was soon to have a baby they decided to throw a surprise shower last Friday for — her husband.

Future papa **MICHAEL KOWTOWSKI** is a commercial artist with offices in the building.

A train enthusiast, Mike made the party but missed Campbell's big train derailment. Inasmuch as baby is due any day, hopefully any future derailments will have better timing . . .

Speaking of births . . .

An Ode of Odd Fellowship composed by James Montgomery in England in 1798 was "reborn" recently by True Fellowship Lodge of Santa Clara on the occasion of their visit to the Sunnyvale Odd Fellows.

Del Mar high school teacher and musician **JIM O'CONNOR** composed music for the verse republished in the national lodge's newspaper in May. A musical style of the 18th century was attempted but O'Connor says piano accompaniment cannot compensate for harpsichord . . .

Coming attractions . . .

Antique buffs will want to mark their calenders for Aug. 17, when an antique, art and curio auction will be held at 8 p.m. at Villa Montalvo in Saratoga.

Advance viewing for the event is scheduled for Thursday, Aug. 16, 1 to 4 p.m. and Friday, Aug. 17, 5:50 to 6:30 p.m. in Villa Montalvo's Carriage House. A buffet, also open to the public, will begin at 6:30 on the 17th. Proceeds will benefit Villa Montalvo, a non-profit organization.

Those attending the auction will also be able to preview the Smithsonian Institute's traveling exhibit entitled "The Simple Home: Domestic Architecture in the San Francisco Bay Region."

Beginning Aug. 18, the exhibit will be open from 1 to 4 p.m. daily except Mondays

This 'n that . . .

MR. AND MRS. LOUIS BRANDON of Normandy drive returned recently from Detroit where they visited with their daughter, Karen, and her husband Richard Hemingway. With son-in-law Dick offering his services as chauffeur the Brandons continued their vacation with tours of Virginia, West Virginia, Pennsylvania, Vermont and Washington, D.C. . .

REV. WAYNE MYERS of the Congregational Church of Campbell is attending the San Francisco Theological Seminary in San Anselmo this month where he is working towards his doctor of ministry degree . . .

Members of the West Valley Progressive Seniors and the many other friends of **ALICE LOHBECK** of Purdue drive will be happy to learn she is home and on her way to recovery following her recent eye surgery.

Callsheet

with C. Michael

THE ONE THING THAT is amazing in this community which has so much community theater is the great amount of young talent. In the past two months, I have seen this new talent develop and polish itself ready for public approval.

Watch out for the following people — From "Follies" — Kathy Morse, Anne Jensen, Mike Martin, Diane Guillen, Robin Whisenant, Lorene Bryant, Linda Spink, John Picone, and David Wiggins. From "Paint Your Wagon" — Ray Napolitano, Robbi Thornberg, and Rich Smith. From "Funny Girl" — Michele Freiberg and Claudia Louis. From "1776" — Ted Kopulos and Rick Vine.

Of late, however, there seems to be a bitterness of competition that is not exactly healthy. One goes to a show with a preconceived idea that he is going to hate the show regardless of the production. There is never thought given to the time and energies that go into making the presentation.

FOR EXAMPLE, if one would just look at the costumes alone in "Follies." They must have taken hours to construct. Especially outstanding was the butterfly opening costume worn by Nancy Hauge that was made by Kathy Morse. It was absolutely breathtaking.

The hours that it takes a non-dancer to look fairly graceful. The tap dance in "Anything Goes" took an hour each night for two weeks just to learn the basic movements. We are just the community theater and we have other jobs that support us. We supposedly do theater because we love it. We should, therefore, be careful that we don't destroy it . . .

HERE AND THERE

Auditions for Music Theater's first show of the season, "Promises, Promises," will be on Aug. 25 and 26. Call 286-6841 for more information. George Costa directs.

Speaking of Costa, he will soon be seen in the Saratoga Youth-Adult Theater presentation of "The Crucible." Costa is a strong performer and it's good to see him again behind the footlights. Does he ever get a vacation? He just closed his well directed "Follies" and starts "Promises," all while rehearsing "The Crucible" . . .

"The Desert Song" is in the final stages of rehearsal for an August 24 opening in the Saratoga Civic Theater . . . "The Seven Year Itch" opens this weekend for ART. It's directed by Jean Parker . . . Saratoga Drama Group kicked off their rehearsals for "Fiddler" last Sunday with the traditional pot luck dinner. There are still openings for male chorus members. It's a good show and will be directed by G. Leslie Muchmore. There's always much spirit in a SDG show. Call Jean Loughridge, producer, for more info at 867-0281.

COMMUNITY PLAYERS

The Community Players held their annual awards dinner on Saturday last. Winners were "Caine Mutiny," best play; Betty Tracy Huff, best actress; Norman Dillon, best actor; Joseph Paul Glasner, best character actor; Roberta Viscovich, best character actress; Jeff Risk and Dorothy Skeels, director's awards, and the very special President's Award was presented to Jack and Peggy Parsons for the work that they do for all community theater. It was well deserved as they are really genuinely interested in theater rather than ego seekers.

Armand Plato, executive director for the group, announced that the season next year would be "Auntie Mame," "Night Watch," and "The Prisoner of Second Avenue." All three are good players and therefore, we will all look forward to the season . . . Captain Maurice from West Valley Light Opera announced that they had a surprise in store and would be announcing it soon. Also Theater Guild said that they would open their season with "The Time of Your Life" and that it would be directed by Paul Gurev.

Gilroy will open their "My Fair Lady" this weekend. Joe Kirk appears in the lead role and the play is directed by Peter David Heth with choreography by Cathy Spielberger . . . Last chance to see Gloria Stockton in "Anything Goes." Be sure to call Cabrillo College for tickets as they near a sellout. They have been turning people away at the door.

Met Ron Moody after "Oliver" last week in the City. He gives quite a performance and I especially enjoyed the curtain call. Try to take the kids up and see it. "Lorelei" with Carol Channing opens August 21 at the Curran . . .

Vacation time for the next two weeks. The column will be written by guest writers.

CUS educators return from workshop at MSU

A team of educators from Campbell Union elementary school district and San Jose state university have just returned from a two-week training program held at Michigan state university in East Lansing, Mich.

Over 30 different school districts participated in the unified science and mathematics for elementary schools (USMES) resource personnel workshop from all over the United States.

USMES is an interdisciplinary curriculum project funded by the National Science foundation and coordinated by a staff at the Education Development center in Newton, Mass. Its goal is to develop and implement interdisciplinary units which center on long-range investigations of real and practical problems taken from the local school and community environment.

Members of the Campbell team that participated were Fred Banchero, Hugh Bonds and Ray Edwards from Hazelwood school, Jim Goth, Ron Green and Bob Sharp from Quito school, Leonard Davidman, an associate professor from San Jose state university and Art Ring, who will coordinate the program from his post at the instructional department of the Campbell Union school district.

Kaleidoscope

ST. LUCY'S SENIORS

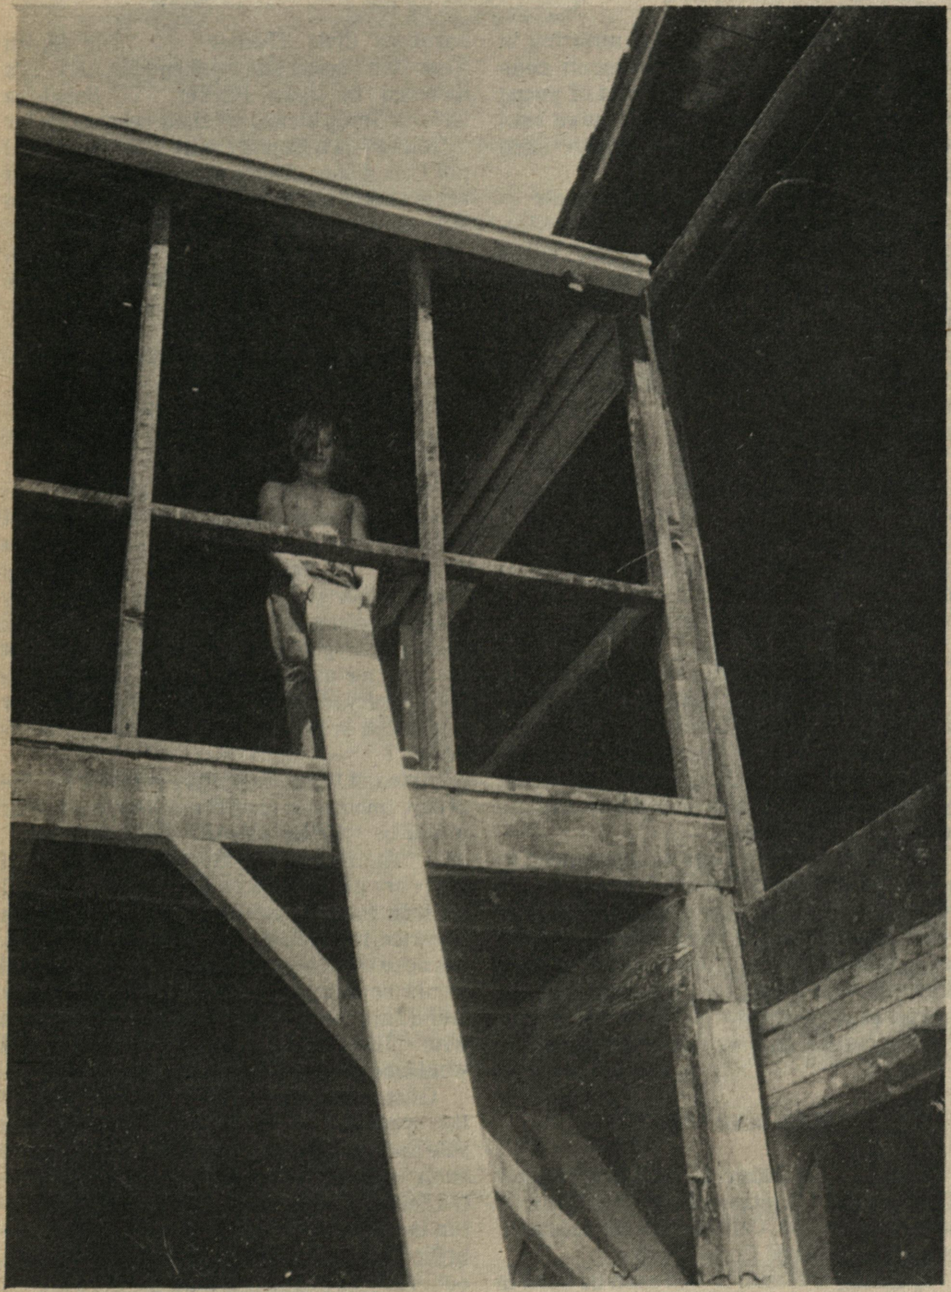
A social meeting is planned by St. Lucy's Seniors this Monday, Aug. 13, at 11 a.m. in the church hall, Budd at Winchester boulevards.

Bridge is among activities planned at the meeting, according to chairman Mrs. Lou McClellan.

Members bring their own bag lunches. Dessert is provided.

Visitors are welcome.

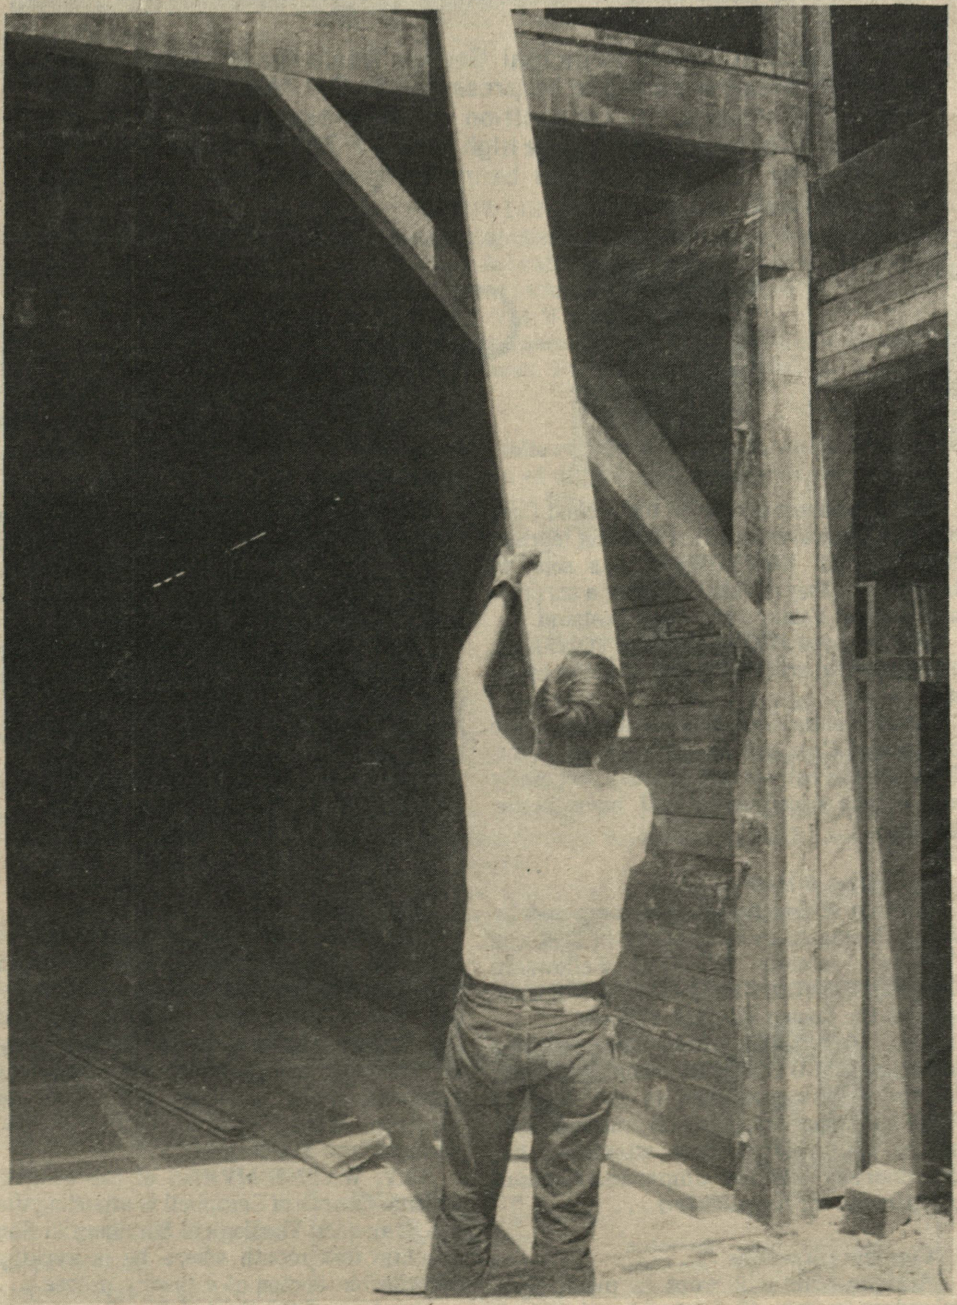
A transformation is taking place



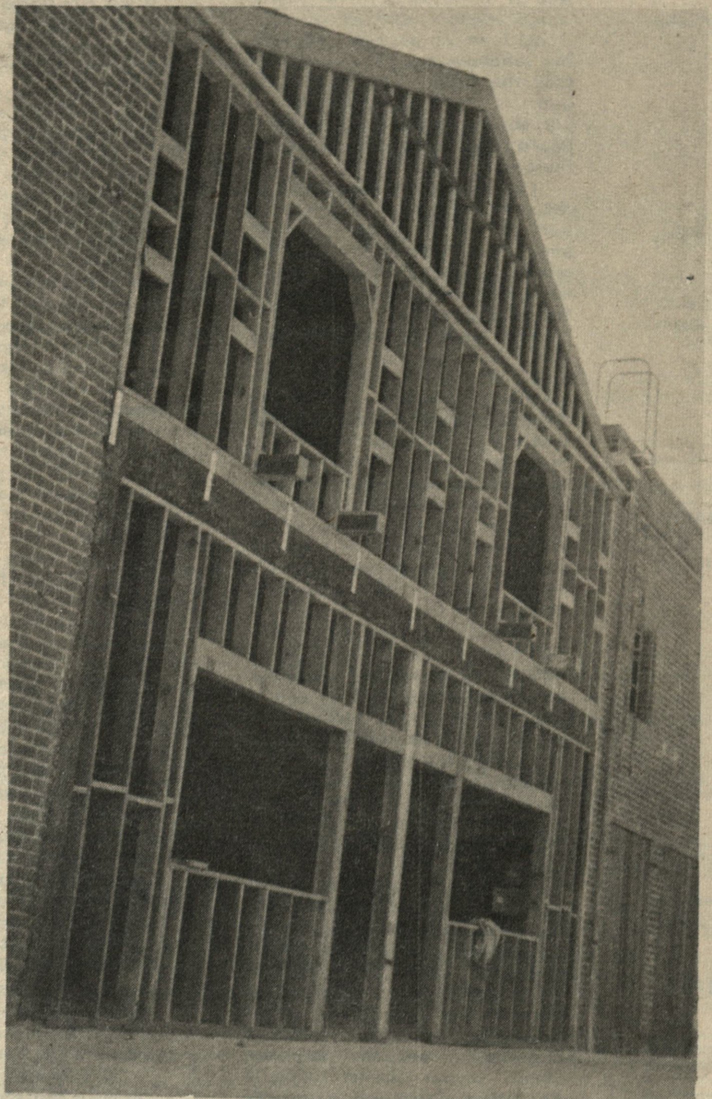
Workmen are busy throughout the week as the old Sunsweet plant on East Central avenue gets a face-lift.

(Photos by Pat Safford)

The sound of jack hammers shatters the quiet



A facelift gets underway at the old Sunsweet plant



While the old flavor of the Sunsweet plant will be preserved the renovation calls for a lot of "cosmetic work" shown above.
(Photo by Sally Howes)

THE SOUND OF jack hammers shatters the quiet along East Central avenue as renovation of the old Sunsweet plant picks up speed.

"The Factory," a collection of shops and restaurants with a rustic flavor, is due to open sometime in late fall.

Workmen, hammers and drills are in evidence throughout the large brick building as the transformation takes place. During its peak season, the local plant was the largest prune dehydrator in the world.

The Factory will keep the original decor when completed.

"I'm afraid we're a disappointment to artists and artisans," manager Jim Lyle said. Suggestions for elaborate wall murals and other decorations have come from the local artists, he said, but have all been declined.

"We don't want fine art work here," Lyle explained, "we want it to look as though the maintenance department of the plant was lucky . . . with everything in order, working properly and yet nice to look at." An engineering rather than artistic design is planned.

WHILE THE opening is still months away, plans have already finalized for several of the shops to be included in the new center. A potter, tapestry weaver, and a score of other craftsmen and artists will show their wares at the new location. According to Lyle one of the shops will be run by a certified gemologist, only one of three or four in the area.

When complete the new center will have 30 to 40 businesses, according to Lyle, and parking accommodations for 299 cars.

C.W.CO.
THE FACTORY

Many of the old landmarks of the Sunsweet plant will remain as it takes on a new name . . . "The Factory."

NOTICE OF TRUSTEE'S SALE

On August 20, 1973 at 10:00 a.m., at the law office of JACK FAIRBANKS, 871 East Hamilton Avenue, Campbell, California JACK FAIRBANKS, as trustee pursuant to a substitution of trustee, will sell at public auction, to the highest bidder, for each, in lawful money of the United States, all payable at the time of sale, all that certain real property situated in Campbell, County of Santa Clara, California described as follows:

PARCEL ONE

PORTION OF LOT 3, as shown upon that certain Map entitled "Redding Farm Tract," which Map was filed for record in the office of the Recorder of the County of Santa Clara, State of California, on September 28, 1891 in Book E of Maps, at page 115, and more particularly described as follows:

BEGINNING at the point of intersection of the center line of Redding Road with the line dividing Lots 2 and 3, as said Road and Lots are shown upon the Map above referred to; running thence along the center line of Redding Road, being the Southerly line of said Lot 3, West 120.88 feet to the center line of a 40 foot right of way; thence leaving the center line of Redding Road and running along the center line of said 40 foot right of way and parallel with the Eastern line of said Lot 3, North 474.10 feet; thence North 23° 12' West 16.67 feet to the true point of beginning of this description; said true point of beginning also being the Southwesterly corner of that certain parcel of land described in the deed from Antonio Catarino to Theodore G. Christensen dated April 10, 1940 and recorded February 23, 1944 in Book 1184 O.R. page 394, Santa Clara County Records; running thence East and along the Southerly line of the Parcel of land so described in the deed to Christensen 127.693 feet to the Southeasterly corner thereof; running thence North along the Easterly line of lands of said Christensen 65 feet; thence leaving said Easterly line and running West and parallel with the said Southerly line of lands of Christensen 155.30 feet more or less, to the center line of that certain 40 foot right of way hereinabove referred to; running thence along the center line of said 40 foot right of way South 23° 12' East 70.75 feet more or less, to the point of beginning.

PARCEL TWO

An Easement for street purposes, including the purposes of ingress, egress and regress, the laying out, construction and maintenance of a street, sidewalks, curbs, gutters, sewerage pipe, lines, connections and systems, water pipes, lines, connections and systems, gas pipes, lines, connections and systems, hot air and/or steam pipes, lines, connections and systems, electroliers, telephone conduits, lines, connections and systems, and similar purposes upon, over, across and/or through that certain strip of land 40 feet in width, the center line of which is described as follows:

Beginning at a point in the center line of Redding Road and the Southerly line of Lot 3, distant thereon West 120.88 feet from its intersection with the line dividing Lots 2 and 3, as said Road and Lots are shown upon that certain Map entitled, "Redding Farm Tract", which Map was filed for record in the office of the Recorder of the County of Santa Clara, State of California, on September 28, 1891 in Book E of Maps, at page 115; running thence parallel with the Eastern line of said Lot 3, North 474.10 feet; thence North 23° 12' West 87.42 feet more or less, to the Northwesterly corner of Parcel One hereinabove described.

The sale will be made without covenant or warranty regarding title, possession, or encumbrances to satisfy the obligation secured by, and pursuant to, the power of sale conferred in that certain deed of trust executed by THEODORE G. CHRISTENSEN as trustor, to TITLE INSURANCE AND TRUST COMPANY as trustee, for the benefit and security of PEARL KEATING, as beneficiary dated October 6, 1970 in book 9080, page 107, official records in the office of the county recorder of Santa Clara County, California.

Notice of default and election to sell the described real property under the deed of trust was recorded on April 21, 1973 in book 0306, page 488, official records of said county.

Substitution of trustees was recorded on April 21, 1973 in book 0306, page 489, official records of said county.

LEGAL NOTICE

NOTICE TO CONTRACTORS

The Board of Education of the Campbell Union School District of Santa Clara County, State of California, invites and will receive sealed proposals up until 5:15 p.m. on August 15, 1973, at the School District Office, 155 North Third Street, Campbell, California, at which time and place said bids will be opened and read in public, for furnishing all labor and materials for Additions to Rosemary and Forest Hills Elementary' Schools, San Jose, California.

Work must be done in strict accordance with the Drawings and Specifications prepared by and obtainable at the office of the Architect, Higgins & Root, Associates, A.I.A., 400 Blossom Hill Road, Los Gatos, California.

A deposit of $25.00 per set will be required from all contractors receiving documents, said deposit to be returned by the Architect when Drawings and Specifications are returned in good condition.

All bids are to be made out on forms furnished by the Architect. No bidder may withdraw his bid for a period of thirty (30) days after the time set for the opening thereof.

The Board of Education reserves the right to reject any or all bids and to waive any informality in any bid received.

LEGAL ADVERTISING

Each bid must be accompanied by a certified check, cashier's check or bidder's bond made payable to the order of the Campbell Union School District in the amount of ten per cent (10%) of the tendered bid, as a guarantee that the bidder will, after being notified of the acceptance of his bid, enter into a contract with the Board of Education in accordance therewith.

The successful bidder will be required to furnish a bond for faithful performance in the amount of 100% of the contract price, and a bond for material and labor in the amount of 100% of the contract price.

The work to be performed under this contract shall commence at once and shall be substantially completed within 185 days calendar days from and after date stated in Owner's "Notice to Proceed". Time shall be the essence of this agreement. The substantial completeness of the work to be performed shall be within the determination of the Architect alone, and the parties signatory hereto agree that this determination shall be final.

Should said work not be completed within the time hereinabove stated, there will be deducted from the final payment the sum of One Hundred and No/100 Dollars ($100.00) per calendar day, as liquidated damages but not as a penalty, for each day's delay after the expiration of such period until the final physical completion of the work and its delivery to said Owner.

Workmen employed in the work must be paid not less than the latest prevailing scale of wages adopted by the Board of Education (see Labor Code, Section 1773, Wage Rates) which has been adopted and published by the County of Santa Clara Board of Supervisors and the Campbell Union School District Board of Education -- said wage rates published in the San Jose Post Record in December 1972.

Ordinary overtime, one and one-half times the above rate ., legal holidays, Saturdays and Sundays where crafts work a five-day week and/or where schedule of crafts so provide overtime shall be paid at the rate of double time.

It shall be mandatory upon the contractor to whom the contract is awarded and upon any subcontractor under him to pay not less than the said specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract.

Vasconcellos won't sponsor SB 247

State Assemblyman John Vasconcellos (D-24th District) has withdrawn his sponsorship of Senate Bill 247, now being looked to as a source of funding for the county sports arena.

"Assemblyman Vasconcellos is aware of the possible misuse of the bill for the sports arena and has removed his name as a protest," Kay Davidson, his local spokeswoman told the SUN.

"He is against its use for the sports arena," she said.

SB 247, now before the Assembly Revenue and Taxation committee, was originally designed by Senator Clark Bradley (R-San Jose) to free a ten cent increase to the tax rate authorized by county voters for parks and recreation. The county had absorbed the increase rather than raising the rate which was then frozen by Senate Bill 90.

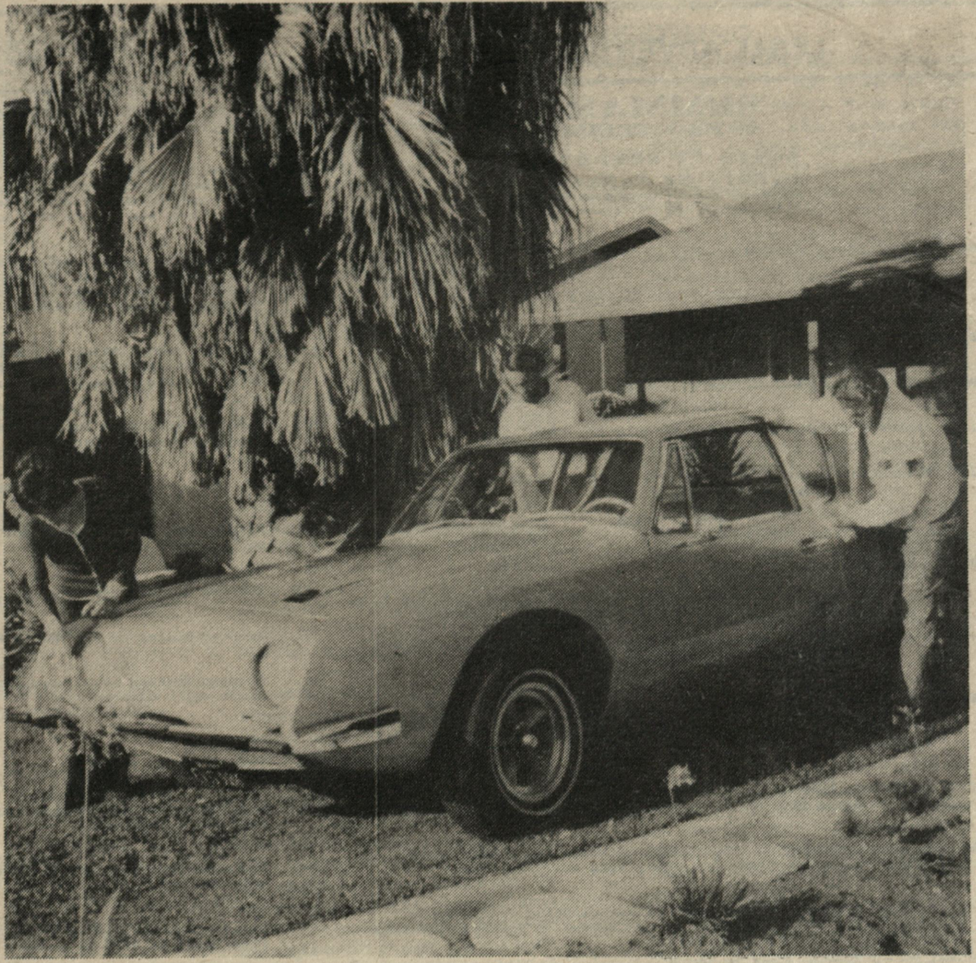
After the bill was introduced and the county's dismal fiscal picture emerged, arena supporters began looking to SB 247 as a possible source of funds for the project.

"Assemblyman Vasconcellos feels he is not able to put in wording which would prevent the funds from being used for the arena," his spokeswoman said.

"Unfortunately," she said, "the money is needed by the county."

Davidson said that Vasconcellos still intends to vote for the bill which he feels has a good chance of passing.

"That will leave the decision to the board of supervisors," she said.



AN EXTRA POLISH — Local residents, left to right, Dannetta Lampreda, Randy McCalla and Bob Lampreda are shown above getting their Avantis ready for the Western National Meet and Concours on Saturday, Aug. 18, in Los Gatos. The first national concours to be held in the West, Avantis and their owners will gather on the Los Gatos high school field from 11 a.m. to 3 p.m. Admission is free. For further information call 292-2681 or 353-2371.

Firm helps control debts

Family Financial Advisors, a firm offering a specialized service emphasizing debt control, is opening a San Jose branch at 3275 Stevens Creek boulevard, Suite 225.

Marvin Ebright, a partner in the corporation, will assume the managerial position in the new office.

"Our primary function is to help those who have overextended themselves financially," according to Howard W. Wagner, president of the company. "Our computerized analyses enable us to act as 'money doctors' for people in any income bracket."

He said Family Financial Advisors is not a money-lending institution, nor does it in any way assume direct control of clients' money. "We simply help a family schedule its debt payments and general living expenses in a program that works toward establishment of money reserves for emergencies as well as recreation. In past cases, Family Financial Advisors has also been successful in reducing monthly payments, under contract with creditors, for its clients."

Ebright and his wife, Colleen, are originally from Bellingham, Washington, where he attended Western Washington college of education. They reside in Saratoga.

LEGAL ADVERTISING

Continued from page 11

84. Approved holiday work for Auditor-Appraisers who will be out of the State on November 6, 1973.

NOTICE OF TRUSTEE'S SALE

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SANTA CLARA

No. 277837

NOTICE OF RECEIVER'S SALE AND HEARING

INTERNATIONAL DAIRY QUEEN, INC./AMERICAN DAIRY QUEEN CORPORATION, Plaintiff, vs. CLARENCE ODNEAL, Et Al, Defendants.

By virtue of the authority and appointment of the undersigned Receiver, pursuant to Stipulation and Order for Appointment and Authority of Receiver, made and filed in this court on September 29, 1972, the undersigned Receiver has taken possession of and received all the right, title and interest of all defendants herein, in and to the following described "Dairy Queen Retail Store", and all furniture, fixtures, inventory and supplies therein, to wit:

2255 Winchester Boulevard, Campbell, California.

NOTICE IS HEREBY GIVEN that the undersigned Receiver, under the aforesaid appointment and authority, will sell the above described furniture, fixtures, inventory and supplies within the above stated store, being personal property, to the highest bidder for current lawful money of the United States of America, at public auction to be held at 2255 Winchester Boulevard, Campbell, California, County of Santa Clara, on August 29, 1973, at 10:00 a.m., of that day, to the highest bidder, said sale being subject to confirmation of the Superior Court of the County of Santa Clara in this matter.

FURTHER NOTICE IS GIVEN that arrangements can be made by responsible bidders with the Receiver, to secure transfer of the current leasehold interest and/or new leasehold upon the subject premises, together with rights as a franchisee of the plaintiff herein, as a portion of said bid, by contacting the undersigned Receiver at: 520 El Camino Building, San Mateo, California, (415) 348-8116.

No obligation will be incurred by any prospective bidder making such applications or inquiries for said leasehold interests and franchises, unless and until they are successful bidders and the total transaction has been confirmed by the said court.

FURTHER NOTICE IS GIVEN that hearing for confirmation of said sale will be held before the Presiding Judge of the Superior Court of the State of California, in and for the County of Santa Clara, at 191 North First Street, San Jose, California, on August 30, 1973, at 8:45 a.m., or as soon thereafter as the matter can be heard, together with hearing on appropriate instructions to the undersigned Receiver for disposition of the proceeds of said sale.

Need pair of wins over SC

Work cut out for C-M ponies

If the Campbell-Moreland all-stars were going to make it past the far western regionals they were really going to have their work cut out for them.

After three games in tournament play last week the locals held a 2-1 record but one more loss meant the 1973 season was over for them.

And to avoid losing any more games, the all-stars had to beat Santa Clara Mission twice, a team that had trounced them 11-4. Results of those games were unavailable at presstime but full details will be in next week's issue.

Campbell-Moreland opened tournament play with a hard fought 6-2 win over Provo, Utah.

Jerry Gutierrez hurled a masterful game for the locals, striking out 10 of the first 12 batters he faced and ending the game with a three hitter. One of the runs scored against him was unearned.

Campbell-Moreland got on the scoreboard for the first time in the fourth inning when Tom Osburg led off the frame with a liner to centerfield that went for a triple when the opposing centerfielder missed an attempted shoestring catch.

But the next two batters were retired before Osburg finally came home on Mike Riley's grounder that was booted by the shortstop.

Campbell-Moreland went ahead to stay in the fifth when Gutierrez punched a single to right to open the frame. Ed Beaton followed with a long blast off the centerfield wall, scoring Gutierrez all the way from first.

But Beaton was gunned down at third trying for a triple, momentarily killing the local's rally. Shortstop Al Koontz quickly got Campbell-Moreland rolling in the right direction again when he singled cleanly to center and came all the way home when the ball skipped past the centerfielder.

That run proved to be the winning run, but Campbell-Moreland added insurance runs in the sixth and seventh just to make sure their lead was secure.

Against Santa Clara Mission, the locals never got untracked. Osburg was the starting pitcher but never got past the first inning, SCM knocking him out of the box with a three run uprising. They added two more runs in the second and put the game on ice in the sixth with a six-run outburst.

Joe Mausser supplied the Campbell fans with one of their few chances to clap on the day with a solo home run.

Koontz knocked in four runs last Monday night to lead C-M to a 16-3 rout over the Kennewick, Washington, club on Campbell's home Rincon field.

The game was much closer than the score would indicate, however. Campbell tallied 13 big runs in the final frame to claim the triumph.

The two clubs went into the final inning tied at 3-3, and that only because Campbell rallied for three in the top of the sixth. The win lifted the locals into championship action against Santa Clara last Tuesday but they were forced to knock off the Mission team two times in a row for the crown.

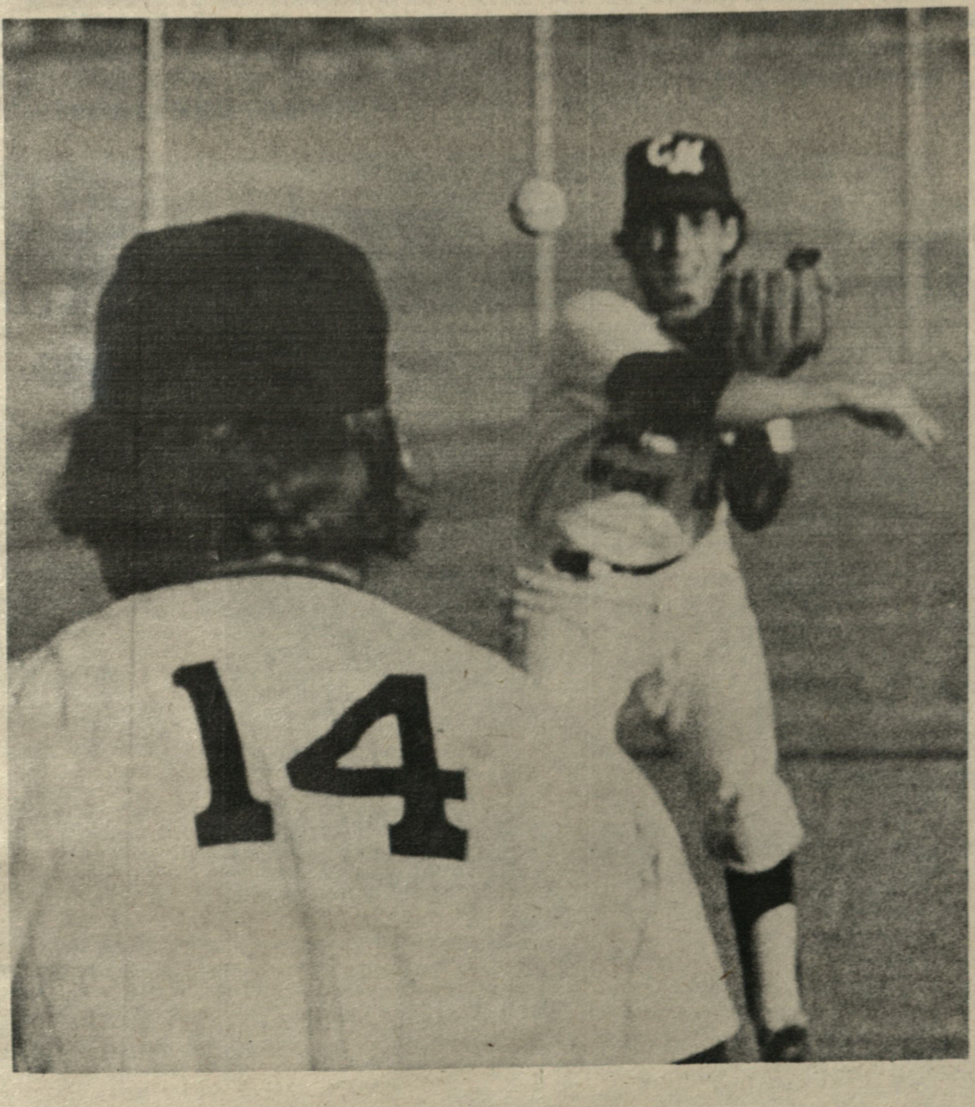
Mausser popped a pair of doubles in the win and Doug Sears crashed a home run to lead the big comeback. Koontz smashed a double and so did Riley to spark the 12 hit C-M attack.

Mike Turnwall started on the hill for the locals but left after five innings trailing 3-0. Turnwall was touched for one run in the first and two in the fifth.

Gutierrez came on to pitch the sixth frame and Osburg finished up with an inning of relief. Gutierrez gets credit for the win, his second of the tourney, and Osburg gets a save.

NEAR HIT — Joe Mausser of the Campbell-Moreland all-star team nearly beat out this bunt for a hit but was gunned down by the third sacker. C-M won this one 6-2 to advance to a battle of the undefeateds against Santa Clara Mission. Campbell lost that one 11-4 for their first loss in the double-elimination event.

(Photo by Dick Sparrer)



SHORT TO FIRST — Cutting down a runner on a ground ball to shortstop, Al Koontz of the Campbell-Moreland pony league all-stars fires the ball to first sacker Tom Osburg. C-M won this one 6-2 before falling in the double alimination tourney 11-4 to Santa Clara Mission. They whipped Washington 16-3 to push into the tourney title game against SC.

(Photo by Dick Sparrer)

Bauer again perfect to push Legion to first

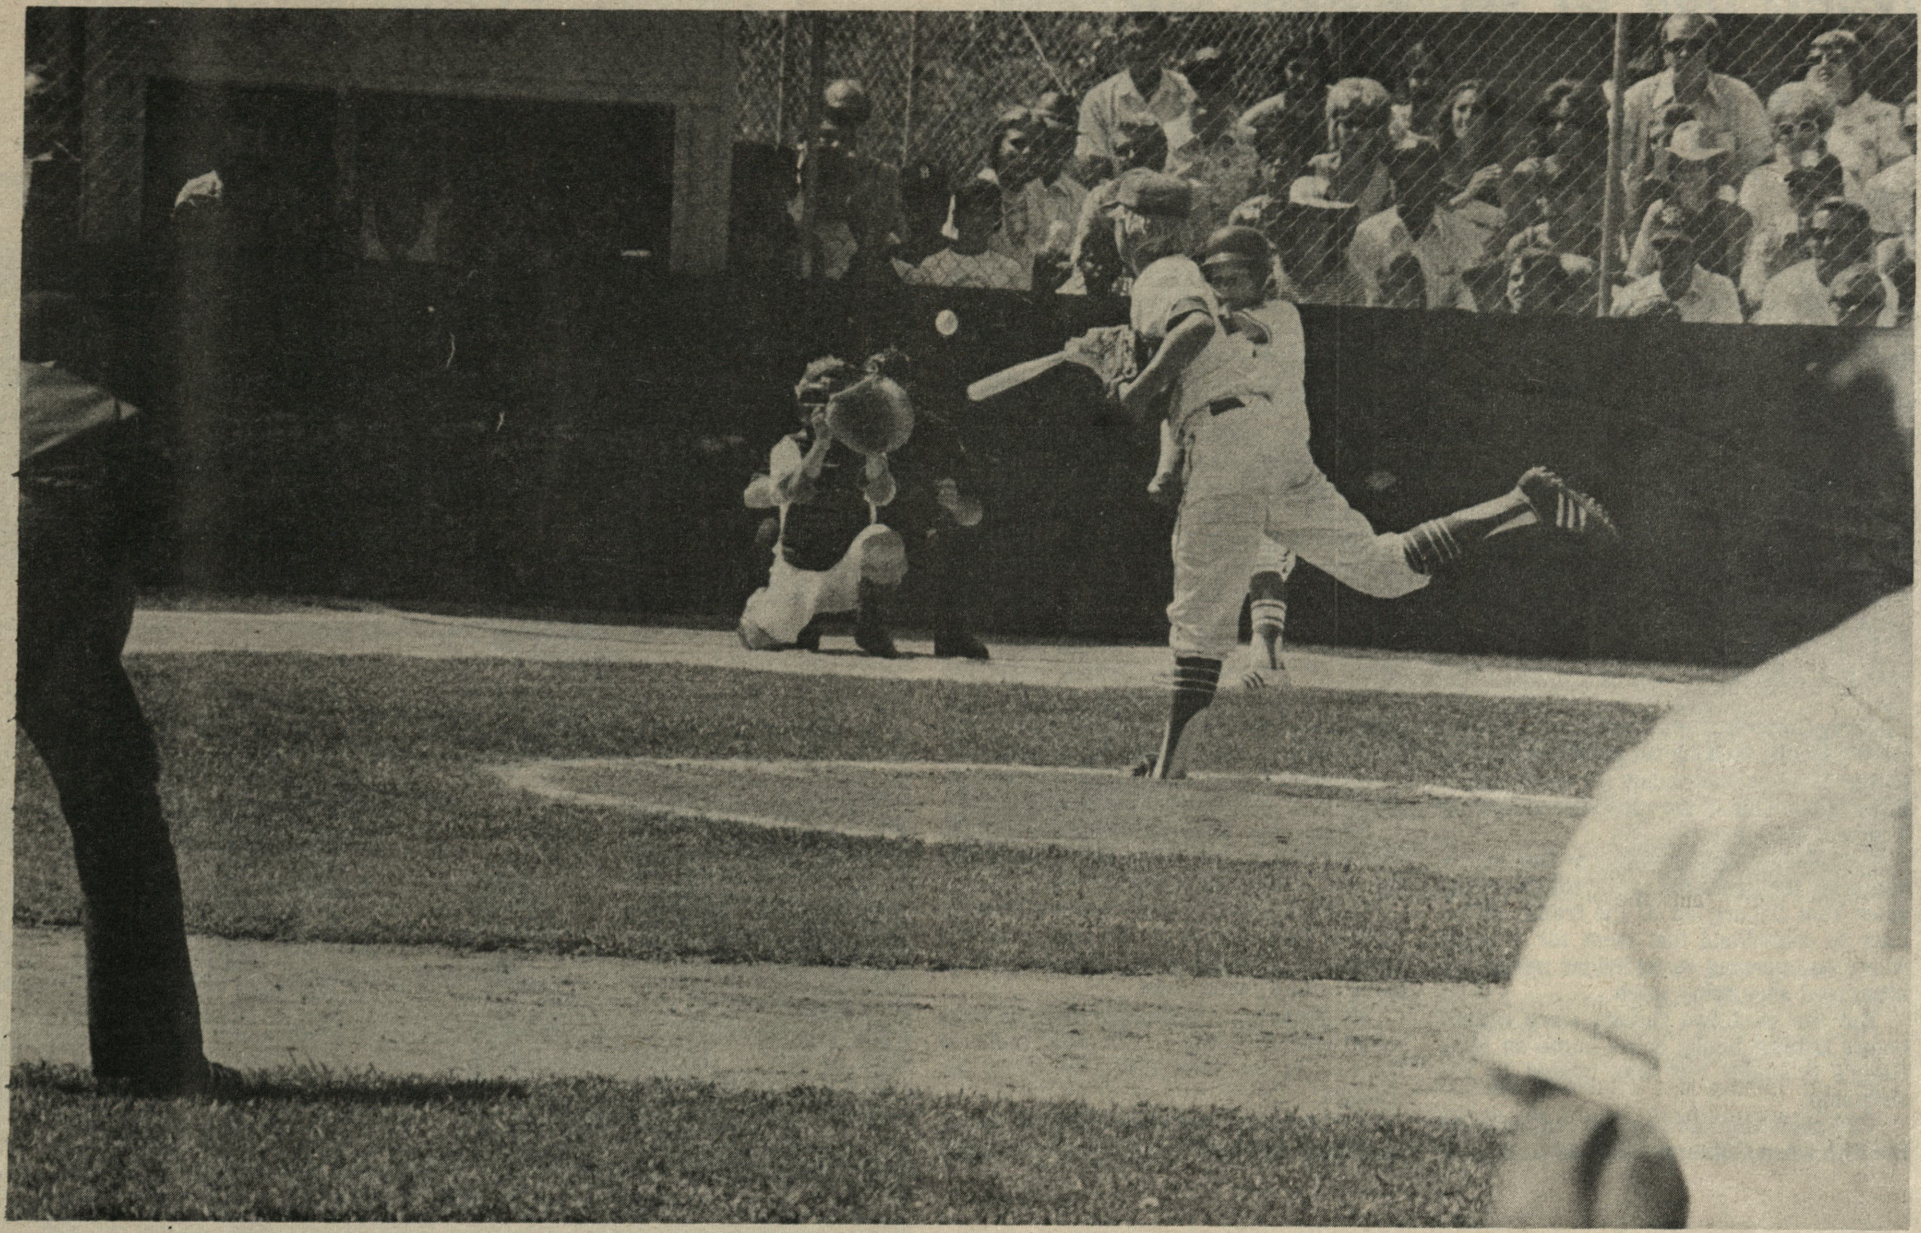
Eric Bauer hurled his second perfect game of the year against San Francisco's American Legion team for Campbell Post 158 and scored five times to play a big part in their 21-0 triumph.

But Campbell dropped a 6-2 decision to San Jose Post 318 on the final day of the season, costing them sold possession of first place. The two clubs ended the regular season with identical 14-6 records.

Bauer, a 16-year-old junior at Prospect high school, retired 27 consecutive batters against San Francisco, striking out eight. He also ripped a home run and a single.

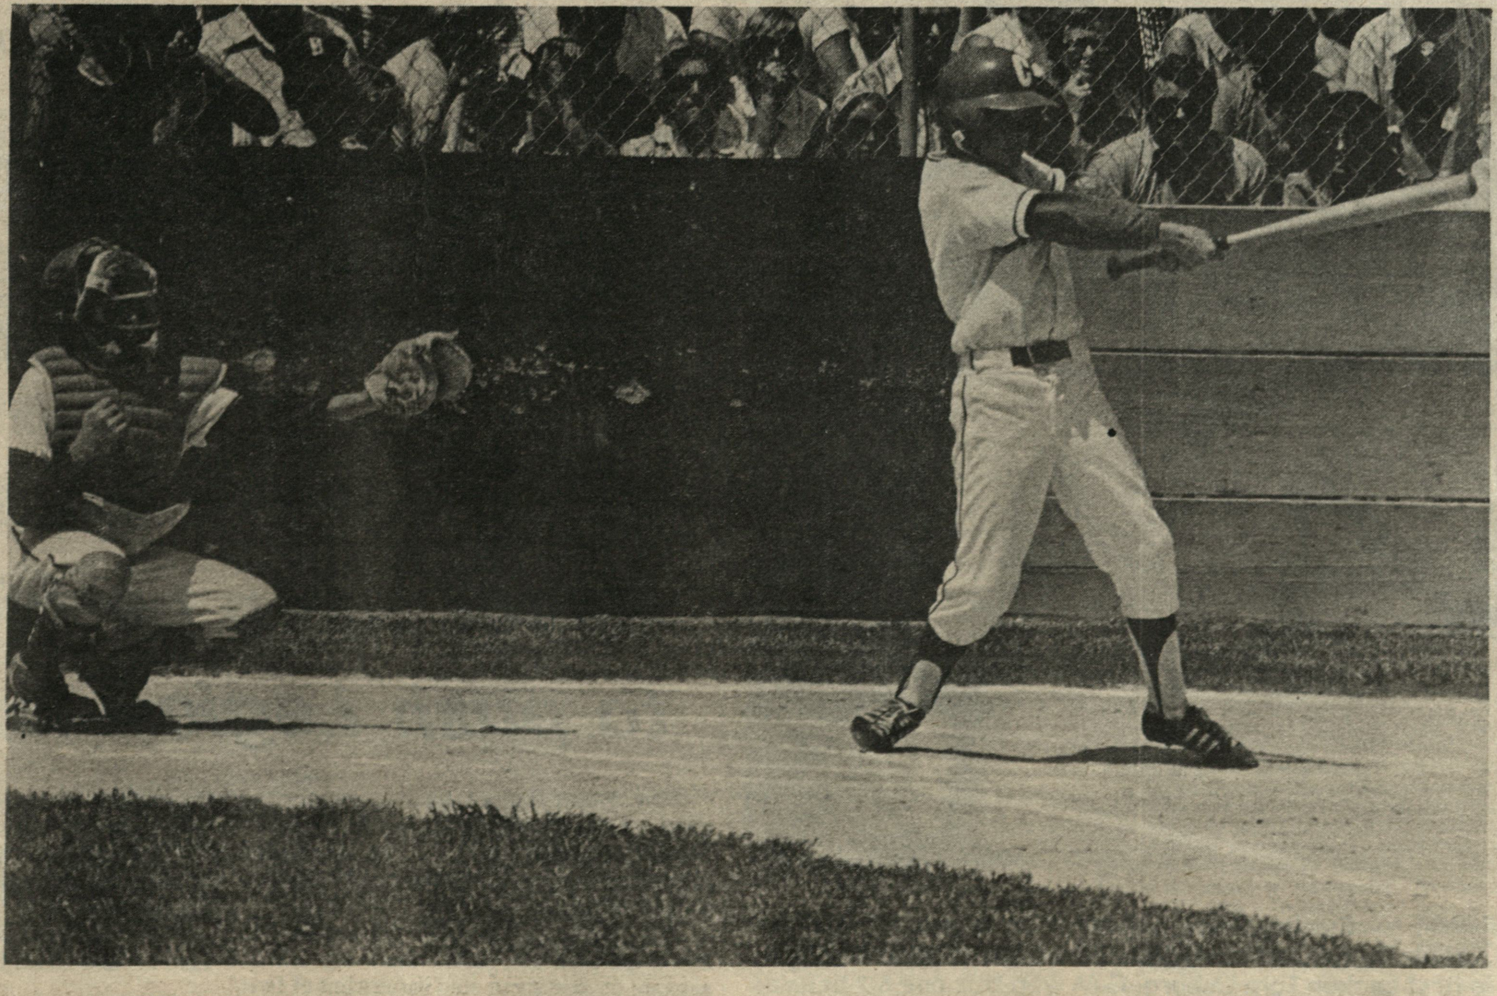
His first gem came in his first varsity appearance as a sophomore at Prospect during the West Valley athletic league season. He tossed a seven inning no-hitter against Los Gatos that day.

Campbell, San Jose and Los Altos (13-7) earned berths in the first round of tournament play today at Contra Costa college in Pinole.



STRIKE ONE — Kurt Aure flips a fast ball past a Branham Hills little league all-star hitter in the seventh inning of a marathon 12 inning game to decide the Section 3 champion and the representative to the state play-offs. Mike Sullivan ended everything in that 12th frame with a home run over the centerfield fence to give Campbell the 1-0 victory.

(Photo by Dick Sparrer)



HEFTY CUT — Taking a hefty cut at the baseball in the Section 3 little league championship game is a Campbell batsman. Campbell won the game in the last of the 12th inning on a dramatic home run over the center field fence at Quito's Pollard park.

Heroic homer lifts Campbell all-stars

It's hard to imagine a little league pitcher throwing nine scoreless innings in a ballgame and not coming out the winner. But chances are good that no one will ever catch Curt Aure complaining.

Aure was the starting hurler for the Campbell little league all-stars last Saturday, when they met Branham Hills for the Section 3 title.

But even though Aure tossed a nine inning shut-out, he wasn't around for the final decision. And neither was his pitching foe, Mark Triplett, who also went nine frames with a whitewash.

In fact, it wasn't until the 12th inning that the game was finally decided. And that was on a long home run over the center field fence by Campbell's Mike Sullivan.

The 1-0 victory lifted Campbell into the state championships to be held this week at Steve Carli field in Santa Clara.

Campbell drew Orange-Olive of southern California in their opener Tuesday. A win in that one would have boosted them into action Thursday at 2 p.m. against the winner of the Concord National-Alied Gardens of San Diego game.

A loss would have eliminated Campbell from the state title picture but they still would have played Thursday at 10 a.m. for a shot at fifth place.

The state championship game will be played Saturday at 2 p.m. at Carli field on Los Padres blvd. near Benton st.

Triplett and Aure each threw the maximum innings allowed under little league tournament rules and each gave up just a lone hit. Aure fanned 13 and Triplett 11 in the contest.

Rey Ybarra came on to do the hurling in the last three innings for Campbell and didn't give up a run to pick up the win.

Ybarra got some fancy fielding support in those last innings to save the victory. In the 11th Aure, now the catcher, fired a strike to first sacker Billy Tsamis to pick off Albert Juarez who tried for just too much of a lead.

And in the 12th shortstop Tim Mooney knocked down a screaming liner, picked up the ball and threw to Aure at the plate to get Pat Morin trying to score the first run of the game.

Sullivan ended all doubts in the last of the 12th when he picked on Morin's first pitch of the frame for a home run to center. It was Sullivan's third round tripper of all-star play.

To get to the championship game, Campbell had to get by a tough North Mt. View club 4-2. Sullivan tossed a three-hit victory for the locals.

Sullivan fanned 13 in the win and both of the runs scored off of him were unearned. And the hurler erased both of those runs and provided Campbell with the victory in the fourth with a four bagger.

Dan Rosewicz was on first via a base-on-balls and Sullivan crashed a one ball, two strike pitch over the left field barrier for a 3-1 lead.

One batter later Mark Izatt belted one over the left field fence to add some Campbell insurance.

Campbell scored first in the second inning. Tsamis was hit by a pitch and later scored on Izatt's single.

Mt. View came back to tie it in the fourth but right fielder Bob Cirivilleri averted a possible big inning by gunning down an MV at the plate, Aure making the tag. MV scored a no-count run in the fifth.

Izatt and Sullivan were each two for three with two runs-batted-in. Sullivan's other hit was a non-productive double.

EASY OUT — Second sacker Mark Izatt easily guns down a Branham baserunner on this play to help Campbell through a 12 inning scoreless battle before Mike Sullivan belted a game ending home run. Campbell won 1-0 to claim the Section 3 title and earn the right to compete in the state championships in Santa Clara this week.

INFIELD HIT — This Campbell baserunner legs one out for an infield hit in the Section 3 championship game against Branham. The third sacker charges the ball that died in front of home plate and went for a single. Campbell won the game 1-0 in the 12th inning.

(Photo by Dick Sparrer)

LITTLE EXTRA — Shortstop Tim Mooney bends his back to get a little something extra on the ball and cut down a Branham runner bound for first base. Branham and Campbell fought without a run for 12 innings before Mike Sullivan ended it all in the 12th with a home run over the centerfield fence.

C-M minors head for Buena Park

Earning a berth in the state all-star tournament to be held at Buena Park this Saturday proved to be a lot easier than the Campbell-Moreland bobby sox minor league all-stars probably thought it would be.

The locals handed Rincon Valley a 17-2 whipping last week to claim regional bobby sox honors in a local tourney that pitted Campbell against seven league championship teams.

Gail Patron and Janet Silva combined to hurl the locals past Ricon Valley and into the state tournament.

The team which will trek south to Buena Park consists of Patron, Silva, Kathy Bertrum, Lindi Bock, Tammy Clark, Jennifer Clark, Sue Drengacz, Emma Marrujo, Gwen McCaulloch, Vickie Mevio, Kathy Scadden, Terri Shupert, Branda Van Amburg, Shelley Wedeland and Kim Williams. Alice Ney is the manager of the squad and her coaches are Norval Ney and Al Silva.

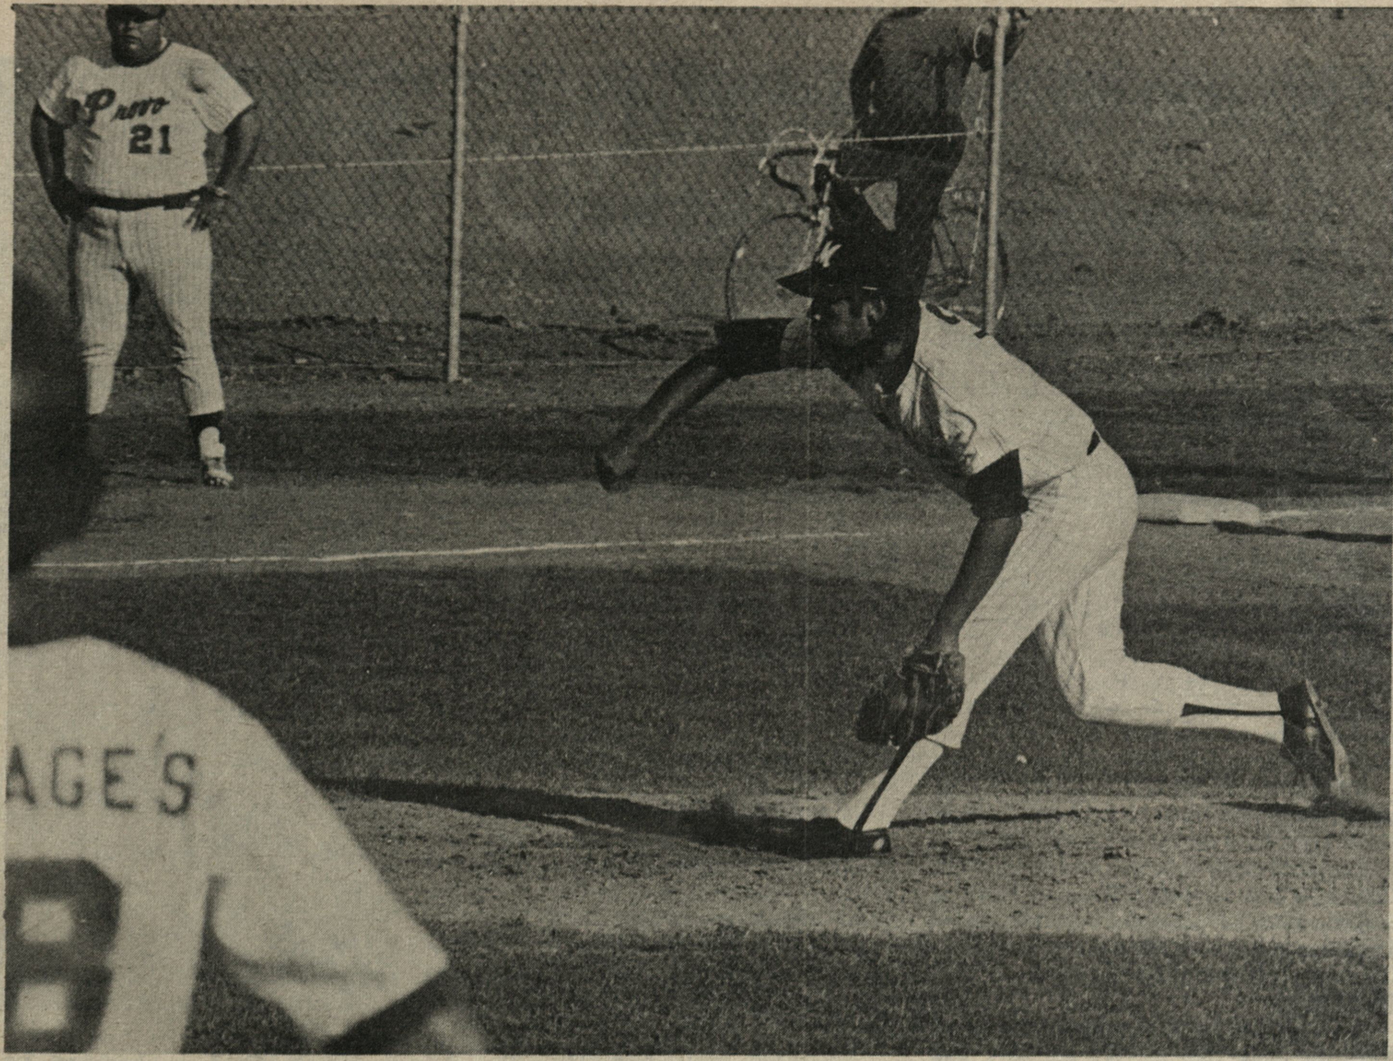
The major all-stars opened tournament play with a victory over Branham Hills at Castro junior high school but that win went for naught as they fell 4-3 to the same club later in the loser's bracket to face elimination.

Branham Hills ended up the tourney champ, fighting back through the loser's bracket to claim the title. BH knocked off Blossom Ridge in two straight games to win the crown.

Along with Campbell-Moreland, Blossom Ridge and Branham, De Anza, Cupertino, Blossom Valley, Ponderosa and West Valley were all represented in the tourney.

Branham went on to represent the area in the regionals tournament at Castro. They made it to the championship game but were beaten by Mid-Peninsula in the second game of a doubleheader to end their title hopes.

But even though Branham lost to Mid-Peninsula, they will still travel to Buena Park August 18-23 for the state tourney, replacing another regional winner who dropped out.



FOLLOW THROUGH — Following through on a mound offering, Campbell-Moreland pitcher Jerry Gutierrez whips in a pitch en route to a three-hit win over Provo, Utah. Gutierrez,. who fanned 10 of the first 12 hitters he faced, was touched for just two runs in the game and scored one of C-M's six. For more details see page 13.
(Photo by Dick Sparrer)

Took 11 years but Campbell again Dist. 44 TOC winners

It took eleven long years, but the Campbell little league finally reclaimed the District 44 "Tournament of Champions" crown last week by edging the West Valley Braves in a best two out of three play-off.

The Campbell kids triumphed in games one and three to bag the District 44 title for the first time since Bob Holman guided them to it in 1962.

A brilliant one-hitter tossed by Jeff Rymer helped Moose Lodge win the third and deciding game of the play-offs with the Braves 3-1.

Rymer struck out 10 in his rout going performance, giving him a total of 21 whiffs in the two games he appeared in against the Braves.

Mark Pfirrman's fourth inning single, following a double by Joe Cucchiara, drove home what proved to be the winning run in the game. A ground out by Rene Morelan later in the frame scored Pfirrman with an insurance run.

Moose Lodge had gotten off to an early 1-0 lead in the first inning on a single by Brian Canady and an error by the Braves.

Rymer hurled the locals to a 7-5 win in their play-off opener with the Braves, striking out 11 enroute to the win. He also hammered a clutch home run.

The Campbell kids jumped into a 6-0 lead but the Braves, aided by Moose Lodge miscues, rallied for five runs in the fifth.

Canady ripped a run producing double in the bottom of the fifth, however, and Rymer finished the game strong to end the Brave's hopes for a come-from-behind win.

Pfirrman was Campbell's top hitter, smacking out three hits in three at bats.

Moose finished the year with an overall 28-8-1 record, setting an all-time major league record for most wins in a season in the Campbell little league.

Swimmers step to nationals

There's only one more stepping stone before the national age group swim meet in Louisville, Kentucky, and ten West Valley aquatic team swimmers competed for a chance to journey east.

The 10 WVAT athletes, swimming in individual events and relays, competed in the Los Angeles invitational swim meet last weekend looking for times that would qualify them for the national meet.

Three swimmers, Janet Cochran, Greg Smith and Steve Aústin, have already established qualifying times and were hoping to better them.

In the medley relay, Smith, Mark Murphy, John Cleveland and Austin have already qualified and in the free relay Steve Skidmore, Brian James, Austin and Pete Hoveland are already qualifiers.

Doug Steiner competed in the 100 and 200 breast events hoping for a qualifying time and Adkinson entered the 100 and 200 fly events looking for a berth.

Cochran, Smith and Austin recently returned from the Junior Olympics held at Mission Viejo with second place ribbons in the 200 breast and 100 free. Cochran tied for first in the breast but lost in a swim-off by a tenth of a second.

Three WVAT relay teams picked up first place medals at a recent A-AA meet in Eugene, Oregon.

The 11-12 girl's team of Ann Shimoto, Kathy Wood, Jamie Har[illegible]r and Carol Busch nailed one first and the 13-14 girl's team of Mary Busch, Karen Gensiracusa, Cindy Rutkowita and Kathy Armanasco grabbed another. The boy's 13-14 team of Jack Albertson, Dan Bailey, Mark Frederickson and Mark Cash snatched a third first.

Albertson also pulled out a second in the 100 back, a third in the 100 free and a fourth in the 200 individual medley.

The WVAT will hold team swimming championships Sunday at the West Valley college pool in Saratoga beginning at 9 a.m.

Hahn wins one for NL Mets

Willie Mays' 659th career homer overshadowed Don Hahn's game winning hit in a recent New York Met's win over the east division leading St. Louis Cardinals.

Hahn, a Campbell high school product, drove in what proved to be the winning run in a 7-3 triumph with a fifth inning single, putting the Mets ahead 4-3 at the time.

"I wasn't looking for anything in particular — just the ball," Hahn said of his timely hit off of Card's hurler Rich Folkers.

Through July 19, Hahn had a respectable .264 batting average in 33 games for the Mets. Used mostly as a late inning defensive replacement, Hahn had collected 19 hits in 72 at bats. Among his 19 safeties were five doubles, his only extra base blows. He had driven in three runs.

Last year he batted .282 at Tidewater with three HR's.

Bringing up fido

By Sally Howe

AS WE'VE SAID many times, Fido went to obedience training school when he was a young pup and has gone many times to watch friends and relatives.

Fido has come to some conclusions which he'd like to share with you.

First of all, most dogs enjoy training. Some of them don't appear to, at first, because they are frightened, confused, and sometimes so spoiled that they find it hard to believe that their owners are really going to insist on them behaving.

Second, big dogs should start their training when they are young and before they've reached their maximum growth. This is for their protection as well as for the good of their owner.

A 100 pound St. Bernard coupled with a 100 pound owner sometimes make a difficult combination, but a puppy that only weighs 30 pounds can be controlled.

LOTS OF DOGS are trained for competition in dog shows and most training classes are primarily geared for them. Basic training, however, is useful for any dog and makes a better family pet out of him.

A beginning dog learns to heel, to sit, to stay, to down and to come. All this training is done with the dog on leash, so enforcing it is not difficult. What is difficult sometimes is persuading the dog's owner that he does not have a hopeless case and just because the dog gets excited or balky in class doesn't mean he isn't trainable.

. **LOOSE DOGS** continue to be a problem in the entire county. Dogs have little training in obeying traffic laws and the incidence of dogs killed, maimed or causing near-accidents on city streets is growing.

Don't let your Fido run loose, for his own protection.

NEW DEL MAR HIGH SCHOOL PTA board members are pictured above at a recent gathering in the home of the C.C. Norment's. They are, from left, Mrs. William Chamberlain, recording ssecretary; District superintendent Dr. Nicholas Montesano, third vice president; Mrs. Scotty McEwen, first vice president; Mrs. Bruce McClintic, president, Principal Hal Sonntag, second vice president; Mrs. Frank Neuterman, corresponding secretary, and Caryle C. Norment, treasurer.

Campership drive halfway to goal

The second annual campership drive of the Easter Seal society for crippled children and adults of Santa Clara county is slightly more than halfway to its goal of $16,000, according to William E. Simmons, society president.

A campership, which provides 12 days at Camp Easter Seal in Stevens Creek park for a crippled or retarded child, costs $210. A full-time counselor is needed for every three handicapped children, many of whom require almost constant attention. To date, $8,500 has been raised in the drive.

Most of these youngsters have spent their brief lifetimes in and out of hospitals, Simmons said.

Public defender honored nationally

Santa Clara county has been honored by the National Association of Counties (NACo) for its public defenders office.

The public defender's office has, over a seven year span, expanded from handling 4,500 cases annually to 15,000 cases. Besides its basic court loads, the office also pursues innovation projects to improve services to develop and recruit trained personnel

Girl Scouts host ecological exploration

"FROM REDWOODS to the Sea," an ecological exploration of the Santa Clara valley region will be hosted Aug. 15 to 28 by the Santa Clara county girl scout council.

About 70 girl scouts from California and nine other western states will join 19 Santa Clara county council scouts in learning about the geographic region. They will be camped at Skylark ranch, just north of Davenport, but will explore a vast area.

They will learn about the vegetation, animals and minerals of the baylands at Palo Alto yacht harbor, the Pacific ocean, the valley region, and the redwoods. Marine biology, geology, archeology, mountain and seaside backpacking, area history, and more, is on the - is on the agenda.

Out-of-council participants are invited to the welcoming event on Aug. 16 at 7:30 p.m. at the Church of the Valley, 400 N. Winchester boulevard, Santa Clara. Austen D. Warburton, a noted historian on the Santa Clara valley, will be the guest speaker.

From Los Gatos will be Nancy L. Carman, and from Saratoga, Linnelle Ann Fitch, Wendy Meyer, and Margaret S. Pryde.

GERARD TIRE

ANNOUNCES THEIR

SUMMER CLEARANCE SALE!

4 DAYS ONLY - WED. 9:00 THRU SAT. 4:00 PM

We are having a special four day clearance sale on many of the fine quality tires we sell including B.F. Goodrich, Dunlop, Dayton, and Gates. This special sale is to liquidate as much of our tire inventory as possible before we move into new warehousing facilities. To liquidate this merchandise, we are offering exceptional buys which represent substantial savings off our everyday low prices! If you've priced tires lately, you'll know what great values the prices below represent! Free mounting will be provided on all tires sold but the special sale prices apply only to tire inventories on hand at each store. For the best selection of sizes and brands, shop early! The sale ends at 4:00 P.M. Saturday, August 11th.

B.F.Goodrich GATES TIRES Dayton DUNLOP

GATES DELUXE WHITEWALLS - This fine quality tire has just been changed from Nylon cord to Polyester cord but right now we are caught in the middle. Some sizes are Nylon and others are Polyester but both feature the same wide 78 series tread for better performance, 4 ply construction for safety, plus whitewall styling. The special prices listed represent savings up to 20% off our everyday low prices!

Pet of the Week

A MERE CHILD, at seven weeks, this cocker mix puppy would just love to have some people children to love and to be loved by. As a matter of fact, its current landlords at the county animal shelter point out two of the pup's best characteristics: good with children and housebroken. The animal shelter is at 2530 Lafayette, Santa Clara.

County fair awards artists

Winners in the Santa Clara county fair art show were announced yesterday with first place awards of $50 going to Casey Burley for "Inside Out" in oil painting, Marie Poche for "Study with 3 Figures" in watercolor, Howard E. Dean for "Winter" in sculpture, Raymond Colliver for "Sitting Bull" in graphics, Harry Nakamoto for "Ceramics" in ceramics and Rick Guido for a silver choker in jewelry.

In other awards, second place ($25) in oil painting went to Marilyn Dorsa for "The Performance," third place, $15, to Dorothy Kobara for "Geraniums," and a fourth place medal was awarded to Kathleen Bastick for "Music."

All art works will be on display in the pavilion during the fair.

Kids to camp still has some openings

Jackie Gee, assistant administrator for Kids To Camp, has announced that some campership openings are still available with Arbutus Youth Outreach. The camping facility, located on Lake Tahoe, provides children between the fourth and ninth grades with a one week camping experience.

The fee for the week's outing is $2 to $5. This includes room, board, and transportation to and from Lake Tahoe.

The dates, the number of openings and age groups are:

- Aug. 19-25, 20 openings for girls in the 4th, 5th, and 6th grades.
- Aug. 26 through Sept. 1, 65 openings for girls in the 4th, 5th, and 6th grades.

"These campership openings," according to Ms. Gee, "must be filled immediately in order to meet camping deadlines."

For information regarding their children's eligibility, the dates, or the registration fee, parents are asked to contact either Kids To Camp at 286 CAMP or Arbutus at 226-7360.

Grand Opening
Age of
Aquarius
Rec. Center
The fun has begun
The fun has begun for Aquarius residents because we've opened our community swim and recreation center. Now, in addition to relaxing in their own private fenced patios, Aquarians can gather around our large, heated pool for a quick dip or a bask in the sunshine.
Aquarius people have a lot of time to spend on recreation because professionals, contracted through their homeowners association, perform all exterior maintenance on their individual homes and all common gardening areas.
Discerning people are already enjoying a two, three or four bedroom townhome at Age of Aquarius because of the innovative design, outstanding quality, the many included luxury features, and the quiet residential location with city convenience. Now there's a new reason to make Aquarius your home, and it's the most enjoyable reason of all. Visit the new "good time" recreation center and our superbly furnished models, open daily from 10 a.m.
$29,950-$34,900
Prices can be affected by ACD improvements.
Age of Aquarius
DIRECTIONS: From San Tomas Expressway—turn east on Hamilton, proceed one block to Llewellyn and turn right on Aquarius. From Winchester Blvd.—turn west on Latimer and proceed directly to Aquarius. Phone 379-4352.

DARTING AROUND

with Tom Carroll

ONE PROBLEM about returning to town after a long absence is the large pile of mail found on the desk.

It's like wading through a sea of paper. It also makes me wonder about the people that say "there is nothing to do around here." A good part of that mail was press releases from the entertainment field.

I have just returned from a tour of county and district fairs in the northern part of the state. The only form of entertainment in many of these communities is the annual fair. Some fairs have weekly auto racing, but there is little else.

MAYBE THE PROBLEM is that we have so much activity in the area that, to quote a cliche, we can't see the forest for the trees. Our community theater projects are some of the finest in the country. Several shows are available this weekend.

Within an hour's drive we have three fine amusement parks with a fourth to be constructed in the near future. Also, two fine concert halls, one operating and one with a collapsed ceiling. The Cow Palace and the Oakland Coliseum are also a short distance away with their major arena productions. And, for those who love fairs, we have two of the finest in the state during the next month. San Mateo is running right now with our own Santa Clara county fair to open Aug. 17.

THE THEME for this year's San Mateo fair is "Enjoy an Old Fashioned Holiday . . . Today!" Many crafts and foods that were popular during the 30's and 40's will be exhibited and demonstrated along with current interest items.

A special feature this year will be "Ye Olde Market Place," which will include leather goods, jewelry and other handcrafted items from various exhibitors. Rather than being scattered throughout the buildings as in the past, these types of exhibits will be consolidated into one area, with an international flavor added as well.

IN KEEPING with the old time flavor, this week's stage show headlines one of the top singers of the 40's, Helen Forest. She was featured singer with such big name bands as Harry James, Benny Goodman and Artie Shaw. Also on the bill are the comedy antics of the Columbo's, and the balancing stunts of the Alcetty's. The Ray Hacket Orchestra and the Duane Dancers back-up the show.

As always at San Mateo the big drawing card is the horse racing program at Bay Meadows. It is the tax levied by the state on pari-mutual betting that supports the 73 district and county fairs in the state. Some fairs, like San Mateo and our own Santa Clara county fair are virtually self-supporting but many of the smaller fairs could not exist without this money. So, in supporting horse racing, you are indirectly supporting one of the oldest traditions in our land. The county fair.

OLD CAR buffs will be gathering Sunday at what I consider one of the most beautiful sites for a show of any kind, the Del Monte Lodge golf course at Pebble Beach. Such well known classic names as Pierce-Arrow, Duesenberg and Rolls-Royce can be seen beside such long forgotten names as Auburn, Mitchell and McFarlan.

Cars will be on display from 10 a.m. to 4 p.m. If tickets to the Concours are purchased at the entrance to the Del Monte Estates admission to the grounds will be free.

TO HELP YOU FEEL ACQUAINTED
- We believe that Jesus Christ is the Son of God.
- That righteousness is simply "rightness".
- That there is no one that is righteous.
- That through faith in Christ's death for us, God forgives our past sins.
- That through this forgiveness we can have fellowship with God, person to Person.

Garden / A container: portable prop

If you look upon container plants as portable props, and use them as beautiful accessories, the surroundings of your home and garden needn't ever be dull.

No matter what the season, there are always choice plants in bloom — as well as distinctive foliage plants — and featuring them in movable containers gives you the opportunity to enjoy them in prominent locations, indoors and out.

Right now, for instance, obtain and plant up Hibiscus shrubs in pink, red, yellow, gold and white for sensational color throughout the rest of summer. Hibiscus appreciates good drainage, hence growing the plants in containers is highly recommended by the California Association of Nurserymen.

White, yellow and pink Marguerites are unfailing sources of summer color, as are Felicia (often called Blue Marguerite), Geraniums, and Transvaal Daisies. Since most will bloom more profusely in pots than in the ground, they are ideal for containers. If you're entertaining, use the colorful plants indoors for the day, or overnight, for delightful, conversational decorations.

The list of plants ready to bring dramatic color changes where you want them now is a long one. This barely scratches the surface. You'll get many other ideas by browsing through your local nursery.

Foliage plants are the backbone of a container plant collection. Once you start using artistic Japanese Black Pines, Azaleas, Camellias, Dwarf Citrus, Podocarpus, and Japanese Maples in portable containers, you will be encouraged to seek out even more possibilities for changing the scenery as you wish.

Shopping for plants, and fun experience. Be on the lookout for such unusual things as Sago Palms and Bottle Palm, whose gourd-like base supports finely-textured, arching greenery.

Indoors, don't hesitate to try your hand at growing a tall, pendulous Weeping Fig (Ficus benjamina) in a decorative container. The creation will enhance the appearance of your rooms and furnishings, and bring enjoyment to those who share the natural beauty.

Sermon topic is announced

"Is My Brother's Trouble Any of My Business?" is the topic of the sermon Sunday, Aug. 12, by the Reverend A. F. Volmer at Holy Cross Lutheran church.

Worship service begins at 9 a.m. with a folk communion at 10:15. The church is located at 15885 Los Gatos-Almaden road, Los Gatos.

County television show reviews transit problems

"Traffic, Traffic, Traffic", is the name of a 30-minute TV documentary which looks at this county's transportation problems, past and present, and suggests what may be done for transit here in the future. It will be shown on KTEH, Channel 54, the county's educational television station, Monday, Aug. 13, at 8 p.m.

The show is part of the monthly "county Reports" series, which explores projects and problems in county government.

Donald Frolich, Cupertino city councilman and chairman of the county transportation commission, will be interviewed on the show by Dick Cox, the county information officer.

Frolich will explain how the county transit district was formed, how it functions and what it hopes to accomplish for area transit both in the near and the distant future.

Your Golden Rule Funeral Home—

BANK OF AMERICA NT&SA MEMBER FDIC

We can do more for you than any other bank.

(even if you can't find the scissors)

You see, we have more services than other banks. You won't use them all. But it's nice to know you're covered. The more important ones are described below.

Personal Choice Checking:
We have four checking plans to choose from. Each fits an individual need, whether you write few checks or many. And our beautiful scenic checks will add some color to your life.

Three ways to finance your car:
Ask your auto dealer about our Auto-Magic Financing, the rock-bottom monthly payment plan. Or about leasing.
Then there's our regular auto loan. We've made more of them than any other bank in California. See your dealer or local Bank of America.

New high savings rates:
We offer many different savings plans. And they pay you more than ever before in our history. Our new Certificate of Deposit pays a big 7% per annum for at least four years on a $1,000 minimum deposit. Our three new Investors Passbooks earn you 6½% annually for a two and one-half year account, 6% for one year, 5½% annual interest for 90 days. $500 minimum deposit. And our regular passbook savings account offers in-and-out flexibility.

Simplified monthly statement:
This statement simplifies balancing your checking account. We call it the Timesaver® Statement.

BankAmericard:®
For everyday shopping convenience, special occasions, or emergencies. Good throughout California, the United States and around the world.

SAVE UP TO $48 — PAY ONLY A $2 FEE FOR UP TO $5000 WORTH OF TRAVELERS CHEQUES — SAVE UP TO $48
Buy any amount of Bank of America Travelers Cheques up to $5,000 —pay no more than a $2.00 fee. For example, the normal 1% charge for purchasing $5,000 of Travelers Cheques would be $50.00. With this coupon—good at any Bank of America office in California —you would save $48.00.
Offer expires September 28, 1973.
name (please print) amount purchased
IV-88

FREE GOOD FOR ONE FREE
FAMILY FINANCIAL PLANNING KIT
This coupon redeemable at any Bank of America office in California for a free Family Financial Planning Kit.
FREE Offer expires December 31, 1973. FREE
IV-88

FREE YOUR FIRST ORDER OF BANK OF AMERICA CHECKS FREE
Your first order of 200 checks is free—with this coupon—when you open a new Bank of America personal checking account. You'll also enjoy the convenience of our easy-to-use Timesaver Statement. Valid only at Bank of America offices in California. Only one coupon per customer.
Offer begins June 18, 1973 and expires December 31, 1973.
name (please print) IV-88

More offices up and down the state:
No other bank can say that. Wherever you live or shop or work, you'll always find us close by.

Red Carpet Service:
Our own special system to serve you promptly. And nobody peers over your shoulder. Most of our offices have it.

Automatic Transfer Service:
Makes regular savings deposits or loan payments for you automatically, from your Bank of America checking account. Saves time, simplifies things.

3 great coupon offers:
These coupons represent some real banking values.
• Big savings on Bank of America Travelers Cheques.
• A free Family Financial Planning Kit—first-rate help in planning family goals.
• Your first order of 200 scenic or other premium checks—free.

You can see why we think you should bank with us. More services mean greater scope to meet your needs. As you grow, we're with you. Every step of the way.

$14 million a month to county

Social security benefits were being paid to residents of Santa Clara county at a rate of $14 million a month at the close of 1972, Richard Rubi, social security branch manager in San Jose, revealed last week.

Of the social security beneficiaries living in Santa Clara county, 60,000 are retired workers and their dependents. Another 24,000 are receiving benefits as the survivors of workers who have died, and 13,000 are getting benefits as disabled workers or their dependents.

NAME ____________
ADDRESS ____________ APT. NR. ____
CITY ____________ ZIP CODE ____

Olga knows / Watch out, Aries

(Aug. 11 through Aug. 17)

ARIES (March 21-April 19): Look over your shoulder, Ari. Dude in gaudy garb may be tracking you. Seek out labyrinth to lose this cat and you avoid confrontation. Week can wind up on a note of wonder.

TAURUS (April 20-May 20): Desire apt to be strong to return to the scenes of happier days, Taurus. You cannot go back, dear heart, so do not try. What seems so grand in memory may cause you only heartache. Monuments crumble, so why insist on inspecting the ruins? Concentrate your energies on TODAY.

GEMINI (May 21-June 20): What you desire most cannot be purchased in the marketplace, dear Gem, though it can be yours for the asking. Key is tenderness — in the night. Interesting message dispatched before last day.

CANCER (June 21-July 22): Action is key for days ahead, Moonbaby. You've been a bystander at life's feast long enough. For you to be trapped by timidity is not only unthinkable, it is downright immoral. Concentrate on feeling and try not to intellectualize every experience. Message clears.

LEO (July 23-Aug. 22): Watch your step, Leo, for the platform on which you are standing may be wobbly. Attractive ne'er-do-well apt to encourage you to make foolish move. This person is an eloquent old party and perhaps of opposite sex. Interesting message from one at a distance is highlighted.

VIRGO (Aug. 23-Sept. 22): Plans which are in the making can be wrecked if you insist on being piggy, Virg. Accept your share of goodies and ask no more. Week ideal for travel. Don't be surprised if Cupid wants to play peekaboo before last day.

LIBRA (Sept. 23-Oct. 22):Queasy feeling, that you may be over-programmed should subside by second day. Clue concerning career fulfillment is dangled. Grab it. Dispatch important message to one at a distance. Before week is over, take time to kick off your clogs and run barefoot in the clover.

SCORPIO (Oct. 23-Nov. 21): Honest, but complex, question sure to be asked. Try not to answer with vague generalities. Time is ideal to establish true communication, but you must go more than half way. Mood changes occur during mid-week, but by last day biz gets back to normal, which for you, Scorp, is semi-chaotic.

SAGITTARIUS (Nov. 22-Dec. 21): Desire to flee surroundings will be strong, Saj. Not a bad idea, so long as you establish priorities. This means NOT burning the proverbial bridges behind you. Sure, you love to wander, but even more you love returning to the comforts of home.

CAPRICORN (December 22-Jan. 19): Prepare for an emotional twister, Cap. Fragmentary clue to the real meaning of it all appears as sudden illumination, and you, Cap, will be richer for the experience. One who is blithe spirit plays key role.

AQUARIUS (Jan. 20-Feb. 18): Look, Aquari, dilemma which has been brewing apt to come to a head by third day. If you are brilliant, you will make effort to conserve your energy and recycle your emotions. No need to feel a forest for a two-by-four. You will understand.

PISCES (Feb. 19-March 20): Frustration threshold apt to be low first part of week. If so, tack up sign: "Gone Fishin'. Who knows? If you are very patient, and wait for the early evening rise, you may wind up week with a delightful catch.

Nursing facility regulation comments invited by HEW

An opportunity to influence proposed regulations intended to upgrade care of the one-quarter million persons now in skilled nursing facilities in the west is being offered to the public by the department of HEW.

According to Fernando E.C. DeBaca, regional director of HEW, 1,450 nursing homes in the west receive federal funds, therefore coming under these regulations. The regulations would include requirements for periodic survey and public reporting of health and safety compliance, organized social services, and public disclosure of ownership.

Until Aug. 20 comments will be accepted by the regional director, Department of Health, Education and Welfare, 50 Fulton st., San Francisco, 94102. The regulations will not become official until the comments have been reviewed.

San Jose Boy Scouts jamboreeing in Idaho

Area Boy Scouts set out last week for the national Boy Scout jamboree at Farragut state park in Idaho. The group will join other scouts from the western half of the United States in this scouting event.

Eastern United states scouts will have their own jamboree in Florida, making this the first time the jamboree has been split into two parts.

Among the scouts going to the jamboree from this area was the entire membership of Almaden troop 211. This scout group has been working for over a year to raise funds for the trip.

The group boarded a bus ten days ago and will return Aug. 9 from the Idaho event.

Area births

Born recently at Los Gatos-Saratoga community hospital were:

To Joseph and Sharon Rondone, 753 Warring drive No. 4, July 6, Gina Marie.

To Michael and Rochelle Cota, 392 'Vaughn ave., July 8, Siri Christine.

To Ted and Jeanne Marfia, 123 Brooklyn ave., July 13, John Robert.

Consumers' corner

Odoriferous insurance

EDITOR'S NOTE: This column is compiled for the SUN-POST newspapers by Slim Ingham of Consumers United, a non-profit organization dedicated to helping the consumer. Readers seeking help or membership information may write to Consumers United, P.O. Box 311, Palo Alto, 94302, phone 328-7269. For more immediate help with consumer-related complaints, call 245-7402, Monday through Friday, 3 to 7:30 p.m.

To Winona C., Palo Alto: In general and in terms of dollars returned vs. dollars spent on premiums, mail order insurance stinks. Our files are replete with problems such as non-payment or delayed payment of claims, faulty interpretations of policy clauses and failure to respond to a claimant's correspondence. Your best bet for good coverage where over 90 per cent of premium dollars is returned to claimants is Blue Cross. Their policies are well-written and, although seemingly more expensive, are less costly in the long run as most quality products and services are.

To Charles Bostwick, Cupertino: The only vehicles exempt from emission control systems (smog devices) are those having superchargers, fuel injection, propane fuel conversions or bicycles. Your experiences with hard starting, stalling while cold and minimal performance on an excess of fuel are commonplace with most new car owners and can't be resolved without illegal modifications. The other problem of diesling (engine runs with key off) is also commonplace and can be corrected by repair or replacement of the anti-diesling valve on your car.

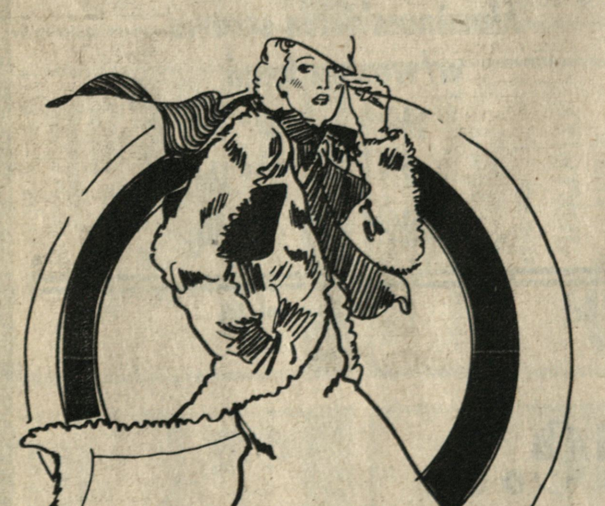
To Cheri, San Jose: You were almost a victim of the "bait and switch" fraud. For the benefit of our readers we'll outline it once more. A low priced item — usually name brand is advertised to either be sold in a store or brought to your home on "approval". This item (usually a vacuum cleaner or sewing machine) is then verbally down graded by the salesman and another (much more expensive) appliance is offered or you are told "we are sold out of our advertised special but we have better models in stock" — also more expensive. Don't deal with people practising this type of salesmanship. They are as crooked as a reject pretzel.

To Dee Anne L. Santa Clara: So glad you wrote us before you invested over $300 in the set of "waterless" cookware. The salesmen arrange a demonstration meal in your home or apartment along with a group of your invited friends who will hopefully also buy his product. The meal will be good food, well cooked and won't cost you a cent. The waterless cookware he is promoting is of good quality and should last a lifetime but instead of paying $300 plus installment charges and a high interest rate, buy the same thing at your local store for less than $80.

To Carson C., Santa Clara: A balloon payment is defined as a large amount of money tied to the end of a series of small monthly payments by and hidden under a lot of small print. "Balloon payment" contracts often lead into refinancing to the extent of almost doubling the purchase price of the item.

To Victoria C., Menlo Park: We can't advise you as to which car would be best for your purpose unless we know what your requirements are. Please let us know your phone number so that we can help you through the car buying process as we have helped many others. We also have a publication "Hints on Car Buying" that you or anyone can have by sending a stamped self-addressed envelope to Consumers United, P.O. Box 311, Palo Alto, Calif. 94302.

Rescuing a coat from college days



By MARYLOU

DEAR MARYLOU: I have a blond-toned Borgana coat from college days that is in good condition but out of style. What can I do to make it usable? — S.T., Tucson, Ariz.

DEAR S.T.: Take off the frog fasteners, take off the collar, V the neckline. And voila, you have a contemporary cardigan coat. Because you live in a warm climate you can leave it buttonless. The no-button coat is not only fashionable, it will save you all that buttonholing and button buying.

DEAR MARYLOU: I know hotpants have long been dead and buried, but I have two really attractive outfits I can't bear to toss out. Is there any way I can update them? They're both jumpsuit styles, long sleeves, knitted fabric. One is beige with suede patch pockets. The other is a navy sailor suit. I've thought of wearing them in summer as casual outfits, but the fabric and style seem all wrong. — N.C., Menlo Park, Calif.

DEAR N.C.: If you took out the sleeves in your sailor suit it should work just fine as a summer playsuit. If the sleeves happen to be raglan, just shorten them instead of removing them, and you'll get much the same effect.

To summerize your beige outfit, shorten the sleeves and remove the suede pockets. If the pockets are below the waist and leave markings when you take them off, you'll probably have to turn this outfit into a bodysuit and wear it as a top for skirts or pants.

DEAR MARYLOU: Where, oh where, can I find a turban pattern? I think they're the only thing to wear with the caftans I see everywhere now. If I ever fine a pattern I'll never stop making them — in everything from gold brocade to cotton terry.

Also, where can I find the wide, floppy hat pattern for men and women? Or any type hat pattern? I'm a hat freak! — L.L., Tacoma, Wash.

DEAR L.L.: You'll have to keep wrapping your own turbans for a while (so far none of the pattern companies seems to share your enthusiasm for them). You can buy a pattern for a floppy hat — it's McCall's 3220.

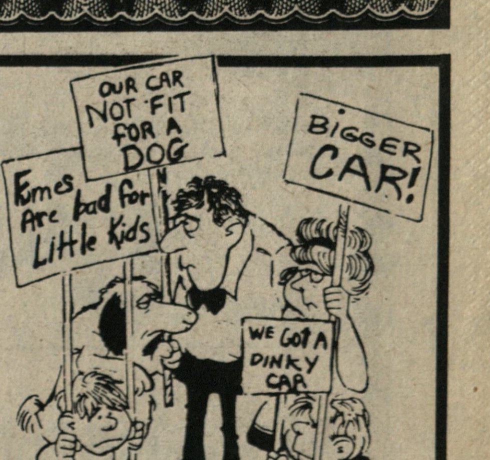
Does a big car make sense? You Bet!



OUR CAR NOT FIT FOR A DOG
BIGGER CAR!
Fumes Are bad for Little Kids
WE GOT A DINKY CAR

Every once in awhile, the family really needs to purchase a new or good used car. If you are in the market for a good automobile, you might come to our lot looking for a tiny car that will "not put a strain on your pocketbook." However, for their size value, for ride value, for capacity, and for the little more they cost to operate, you really can't beat a full-size car for dollar-for-dollar worth.

Full-size car trunks carry about 30% to 40% more luggage...than you can get in a smaller car trunk. ... Not to mention the 4" to 5" more hip and shoulder room available in a full-size car.

Consider the full-size car ride . . . the longer wheelbase and greater weight of a full-size car makes it safer to drive (greater resistance to cross winds and air blasts from passing large trucks). A large car certainly feels more stable and creates less strain in driving it.

For all of its size advantages...it costs just 1/3 cent more per mile to operate a big car! According to the National Assn. of Fleet Administrators, it costs only 1/3 of a cent to operate a full-size car (0.0441 c per mi.) over a smaller intermediate-size car (0.0402 cents per mi.)
